Support Group Meeting Agenda

1. Welcome

2. Read
   Group Guidelines + Principles of Support

3. Check In
   (1-2 minutes)

4. Group Discussion

5. Closing
The Group Guidelines tell us how we are going to care for each other in the group. They provide the mutual consideration, acceptance and protection that are often hard to find in the real world. We will follow these guidelines at each meeting to create the sanctuary and safe place we need.

1. Start and stop on time
   Yes, you will get home at the appropriate hour!

2. Time limit for check in
   1-2 minutes. If each of us told our entire story at every meeting, nothing else would ever get done.

3. Absolute confidentiality
   What we say here, stays here.

4. Be respectful
   Give me grace and space to get through this trouble.

5. Be mindful of others:
   no monopolizing or crosstalk

6. Keep it in the here and now
   We’re more effective when we focus on what’s happening right now.

7. Empathize with each other’s situation
   Even if you don’t understand, know that I am doing my very best.
The Principles of Support represent what we are striving for as we struggle to come to terms with mental illness. This is our belief system regarding universal, necessary truths that guide and strengthen us when life deals us this particular challenge.

1. We will see the individual first, not the illness.
2. We recognize mental illnesses are medical illnesses that may have environmental triggers.
3. We understand that mental illnesses are traumatic events.
4. We aim for better coping skills.
5. We find strength in sharing experiences.
6. We reject stigma and do not tolerate discrimination.
7. We won’t judge anyone’s pain as less than our own.
8. We forgive ourselves and reject guilt.
9. We embrace humor as healthy.
10. We accept we cannot resolve all problems.
11. We expect a better future in a realistic way.
12. We will never give up hope!
