

March 17, 2020

Good morning everyone,

I want to thank everyone for your support during this chaotic time. DPW just sanitized the Recreation Center and we have had positive response in regards to suspending all programming. The Library Director and I filmed a series of “Move it Middlesex” story times that we will be releasing on Facebook during the coming weeks.

Yesterday the CDC recommended “gatherings of 50 people or more in the US be canceled or postponed over the next 8 weeks because of the coronavirus pandemic.” The president also stated that American residents should “avoid gathering in groups of more than 10 people.” **We are officially canceling the egg hunt and will advertise accordingly.** I have spoken with the Carnival chairman and that event is postponed indefinitely.

An email is being sent to all (team) permit holders that **all team permits are suspended until further notice.** No groups should be congregating in any of our facilities during this time. **The Recreation Center is officially closed to the public, including any meetings that had been previously scheduled.** However, this does not include the Rescue Squad as it is their training facility.

In hopes that we still can squeeze in some of the baseball/softball season, Girv and I had a long conversation this morning. We will NOT be participating in any intertown leagues, we will keep our teams playing in Middlesex. Our tentative start date remains as April 13, but that is subject to change. We have reached out to the coaches and we will be emailing the participants ASAP.

Thank you for your cooperation and support during this time.

**Noreen L. Wilpiseski**
