The Aging & Disability Resource Connection, or ADRC, serves as your doorway to programs and services for senior citizens and adults with physical disabilities.

Made possible by federal grants, the ADRC was established to provide “one-door” access to services that will help people age in place. The ADRC provides limited direct access to resources and services and provides information about and/or answers to a wide range of questions and concerns.

The ADRC is designed to foster the independence and dignity of individuals at least sixty years of age or individuals living with physical disability, regardless of financial status by providing the assistance they need to access a broad array of programs which will help prolong self-sufficiency.

You can call one phone number within the county for information about programs and services for your particular needs and circumstances. These services include: information, referral and assistance, benefits screening for program eligibility and care management.

ADRC trained staff will provide assistance that promotes wellness, independence, dignity and personal choice.
