B. **Monthly Activities Environmental Report** – President Sherr noted the monthly activities report for July, August, and September 2021 and the newly formatted Monthly Activities Environmental Report covering January 2020 – December 2020, and January 2021 – June 2021. The Board had a brief discussion of the reports and how they compared to the old format. President Sherr asked if the Board wanted to accept the reports or continue to table them. It was noted that the summary reports do not always correspond to the monthly reports received under the old format. Overall, the new format was an improvement although questions remained on some of the data elements. The Board reviewed correspondence from Peyton Yanchurak regarding an air pollution complaint from 3/17/2021 verified by the inspector sent out to investigate that was latter marked unverified in the January 2021 – August 2021 Summary Report. A motion was made by Board member Ember, seconded by Vice President Conahan and unanimously approved to accept the reports contingent upon further explanation of data elements questioned. President Sherr noted a need to invite Mickey Gross to attend a meeting to fully explain the new Monthly Activities Environmental Report format and address questions from the Board relative to data elements. The Board members also discussed the entry on the August 2021 report relating to problems with the Mauger School boilers. The matter was referred to Councilman Rex to follow-up with the Administrator and Mayor and Council.

A. President Sherr presented the correspondence received from Garden State Laboratories for sampling done at Lake Creighton. There was a discussion about the results reported and the need to have them better explained to the Board. It was noted that Terry Brundage was to report back to the Board from the last meeting with a better explanation as to the results of the sampling. It was noted that the lake
needs dredging and the fishing derby will be cancelled for this year. Also, the signs are still up at the lake advising residents of the contamination.

Board members Ember, Steinau, and possibly Purcell-Holmes offered to help at the upcoming rabies clinic.

C. **Board of Health Contract** – The contract for 2021 and 2022 is still in progress per President Sherr. Ms. Karrow informed President Sherr that we are waiting for a response from the County for our signed contract.

D. **Board of Health License Fees** – President Sherr noted that Mayor Madden had requested a meeting with the License Fees Committee (Board members Laranjeiro, Vice President Conahan and President Sherr) to review the proposed changes and check for possible conflicts with other Borough Ordinances. Board member Laranjeiro briefly explained how the new fees were determined. Middlesex fees tend to be much lower than surrounding towns. A meeting will be set-up with the Committee, Mayor Madden, Councilman Rex, Administrator Karrow, and Linda Chismar (Borough Clerk / Registrar) to further clarify the proposed fees.

E. **Recording of the November and December 2021 Board meetings** – President Sherr noted that Robert Sherr will not be available to record the minutes in November and December. Volunteers are needed to record the minutes for the upcoming meetings. Board member Ember offered to record one of the meetings.
