| Organization | <u>St. Andrew's Hands & Feet Ministry</u> |
| Organization Mission | Our Hands & Feet Ministry uses a model that is somewhat “flipped”: rather than looking at our community, seeing the needs, and then trying to fill them, we look first to our congregation and identify our gifts. Then we do our best to match those gifts with needs in the community. We "help the helpers," partnering with other organizations doing work that aligns with our values and the gifts of our congregation; we launch new initiatives where we see needs not already being addressed; and we proactively engage community leaders to advocate for those in need. |

| # people/meals served monthly | 200 |
| Food Source(s) | Funded by private grant money and congregational gifts |
| Is the Need Greater than Your Offering | |
| Major challenge to serving more clients | There is always need. As a core principle of our ministry, we do only what we are called and able to do and we trust that others will do what we cannot. |
