CELEBRATING COMMUNITIES ACROSS SOUTH CAROLINA

Thank you for joining us for the 5th Annual Live Healthy SC Meeting! During this celebration, we provide an update on the Live Healthy SC State Health Improvement Plan and State Health Assessment. In addition, we highlight existing health improvement work that supports the health priorities in the SHIP.

WHAT IS LIVE HEALTHY SC?

Live Healthy South Carolina is a collaborative process led by the Alliance for a Healthier South Carolina and South Carolina Department of Health and Environmental Control to systematically assess and advance the health of all South Carolinians. South Carolina's first comprehensive state health assessment (SHA) and the state health improvement plan (SHIP) were created through this initiative.
