About the Alliance

The Alliance for a Healthier South Carolina is a statewide, multi-sector coalition committed to improving the health and wellbeing of everyone in our state. The coalition is comprised of over 60 organizations across the state, including, state government, healthcare organizations, universities, nonprofits, and policy leaders.

Built on a platform of collective impact, the Alliance works to align efforts and raise awareness for South Carolina's greatest challenges and opportunities in advancing health equity in our state. By working to identify the social determinants that impact our most vulnerable communities, we can develop solutions where we are all moving in the same direction to improve the quality of life for all South Carolinians.

The Alliance for a Healthier South Carolina is leading the movement to advance health equity across our communities – JOIN THE MOVEMENT.

VISION

A South Carolina with optimal and equitable health for ALL.

MISSION

Convene and connect diverse stakeholders to align and catalyze efforts to improve health and well-being for communities across SC.

CONVENE

CONNECT

CATALYZE

BUILDING SUCCESS THROUGH STRATEGIC DIRECTION

Work collaboratively as a convener and connector of diverse stakeholders to support our vision of *A South Carolina with optimal and equitable health for ALL.*

Effectively establish ourselves as a state-level thought leader for health and equity by expanding our diverse membership.

Raise up health improvement work happening in communities across South Carolina to showcase best-practices, lessons learned and promote collaborative connections that build trust.

Communicate efficiently to align partner resources and build capacity that supports health and equity efforts of the Alliance and Live Healthy SC.

Our Priorities

HEALTH EQUITY

Demonstrate commitment to being the statewide leader by raising awareness about health disparities. Work to embed equity work into all we do and apply a health equity lens to all of our decision-making and actions in order to improve equitable health outcomes for all South Carolinians.

HEALTH IMPROVEMENT

State

Work through Live Healthy SC to connect partners and facilitate health-related conversations to support the State Health Improvement Plan.

Align work with identified LHSC priorities, connect to community-level work, and share information across multiple communication platforms to support health improvement.

Community

Embrace unique opportunities and challenges impacting health in our communities and showcase the exemplary community-level work happening across our state.

Work collectively to align and improve health outcomes statewide by sharing ideas, data, and best practices from our members and communities for solution driven results.

What We DO

- Convene diverse partners to inform the Live Healthy SC state health assessment and health improvement plan process.
- Provide access to national, state and community health equity and DEI resources including trainings, toolkits, learning collaboratives, webinars, and experts.
- Promote member organizations' trainings, special events, and key initiatives statewide.
- Spotlight member organizations through digital communication channel to help align and promote health improvement.
- Leverage a strong network of organizations to strengthen capacity and infrastructure for community health improvement
- Connect members for the opportunity to pursue collective grant opportunities and funding.
- Provide a network of organizations to support member-led policy and advocacy efforts
- Convene members to address emerging issues through dialogue and collaboration.

A Message from our Chair

I am honored to serve as your 2024 Board Chair for the Alliance for a Healthier SC. This prestigious organization was founded 10 years ago with a vision to ensure that ALL South Carolinians have access and support to the resources our state provides to raise our health status! It is our desire to continue leading the collective work of our 60+ organizations across the wonderful state of South Carolina.

During 2023, the Alliance for a Healthier SC became an independent 501c3 through the leadership of our Board of Directors and Executive Director, Monty Robertson. We are grateful to the leadership and support of the SC Hospital Association as our backbone organization from our inception until May 2023.

In 2024, we will continue to align efforts around the State Health Improvement Plan and Live Healthy SC and help connect community-level work to statewide priorities while sharing best practices from the field. Become a member of the Alliance and make sure your organization is on the frontlines advancing health equity in our state. It will take the collective efforts of health advocates, providers, employers, and other stakeholders to truly move the needle on population health for South Carolina. This year, we will launch the Vince Ford Health Equity Award during our 6th Annual SC Health Equity Summit. Please join us as we connect and convene to catalyze efforts and initiatives that allow us to target health disparities and draw awareness to our greatest health challenges. Collectively as a unified force, not in silos, we can make a difference and improve the lives of ALL South Carolinians!
