

## ***TN Department of Agriculture Implements Safety Reimbursement Program***

Safety equipment purchases of dashcams, flags, PPE (Personal Protection Equipment), and more are now eligible for various levels of reimbursement through a generous grant provided by the TN Department of Agriculture in partnership with TFA. Submissions for reimbursement will be sent to TFA. Check out the items and reimbursement percentages below:

**Dashcams:** Dashcams may be purchased from [Vestige](#) and the logger would pay the camera/ cloud storage cost to [Vestige](#) and qualify for a **reimbursement of 75% of the purchase**.

**Amber flashing lights for the back of overhang:** Item(s) may receive a 75% reimbursement.

**PPE safety items:** PPE (hardhats, chaps, gloves, ear, and eye protection, etc), First Aid Kits, and **Road Hazard Signage** purchases receive a 50% reimbursement.

To receive reimbursement, all you have to do is contact TFA! [Click here to contact Candace Dinwiddie](#) with your purchase receipt or any questions about this program. Reimbursements on eligible item purchases will then be issued through the TN Department of Agriculture. Tennessee Master Loggers who live in Tennessee and are up-to-date with training are eligible for the reimbursement program along with attendees to log truck and log truck drivers safety training programs.

*Looking for recommendations on where to purchase safety-related equipment? Check out [Forestry Suppliers](#) and local vendors, or contact the TFA office at (615) 883-3832!*
