Re-introduced in Fall 2013, Formula uOttawa is the first Formula SAE team at the University of Ottawa after nearly a decade. Establishing production for the first time in 2015/2016 the team successfully built and competed its first car in the Formula North racing competition.

By creating new cars, we provide a tangible and rewarding hands-on learning experience for all team members. Through the support of community members and our university, we aim to achieve new highs that will inspire the team members and further the esteemed reputation of our university and partners.
Formula SAE is organized by the Society of Automotive Engineering (SAE International), a global professional organization that provides standards for the engineering industry.

University students compete to design, build and race an open wheeled race car to gain experience and engineering prowess.
WHAT WE BUILD

General Specs
- 0 - 60 mph in 4 seconds
- 4130 TIG welded space frame
- 48/52 weight distribution

Design
- Stand-alone ECU with custom power distribution circuit boards
- Steering wheel with integrated quick release hub
- 4-wheel disk brake assembly

Suspension
- 4-wheel independent double a-arm suspension
- Custom CNC machined uprights
- Adjustable coil-over dampeners
- Hoosier Racing Slicks

Powertrain
- Complete 4 stroke, 4-cylinder Suzuki GSX-R 600 engine
- Electric push-button start
- 6 speed sequential transmission
- Chain drive spool
EMPOWERING STUDENTS

Students gain valuable experience of the engineering process at Formula uOttawa.

Some of the key engineering practices and skills used and taught to the team include:

- Vehicle engineering
- Computer Assisted Design
- Metal Fabrication
- MIG/TIG Welding
- Composite manufacturing
- Finite Element Analysis
- Computational Fluid Dynamics
By creating new concept cars, Formula uOttawa achieves highs that furthers the reputation of the University of Ottawa and empowers students.

Sponsoring our team will benefit your company in ways such as:

• Renew inspiration for company employees

• Strengthen the reputation of your company in communities

• Gain exposure to a wider audience and further your brand
WE NEED YOUR SUPPORT

Formula uOttawa is a student run organization and so needs support from sponsors like yourself to continue operating.

Your support would not only enable a new generation of engineers but also deepen your connection with academia, industry and other sponsors.

Promotion will be done through competition events, media campaigns, and marketing activities.
