Why do local elections matter?
Local elections matter because your local officials have the power to make decisions that affect your job, local traffic conditions, your children’s education, the safety of your community, the kinds of businesses that come into your community, and more.

In the upcoming Municipal Election, help elect people who will make sure your voice is included in the decisions that impact your life!

• Supervising the public departments including the fire, police, and housing departments
• Serving as the public face of the city or town on the state and national levels

What do City Council members do?
City Council members are chosen by the citizens of a city or town to:
• Decide how land in the city should be used, whether it’s for parks, businesses, new homes, office space, restaurants, etc.

• Write and pass local laws to improve and preserve the quality of life in a city or town

What do City School Board members do?
