

June 14, 2024

Walter Alcorn
Hunter Mill District Supervisor
Fairfax County Board of Supervisors
1801 Cameron Glen Drive
Reston, VA 20190

Dear Supervisor Alcorn,

Good afternoon. I am writing to you to express our interest and excitement for the upcoming discussions around open space planning and programming at the Reston Town Center North portion of larger Reston community. We understand that the meeting scheduled for Monday, July 17 is a kickoff meeting to start the process of programming and design of that space. RA is looking forward to collaborating with you and Fairfax County on this effort to determine the best possible uses for the 10 acres of open space contemplated in the project documents and 2016 memorandum of understanding between Reston Association, Inova and the County.

Reston Association is looking forward to working with the County and being part of the discussions in the planning for this open space as it is "a key element of the Comprehensive Plan's recommendations for RTCN." We are invigorated by the opportunities this parcel can provide for Reston, whether through green space, athletic fields, some kind of community facility or a combination of several of these. This open space provides opportunity for Restonians to enjoy public open areas and tree canopy that is such a large part of Reston's unique character and helps to preserve Reston's green space for years to come. Members of our staff will attend the meeting on Monday night to hear about how the process and decision making will work going forward and how RA can collaborate on this exciting venture for our community.

Sincerely,

Michael A (Mac) Cummins, AICP
CEO Reston Association
