

# OUR IMPACT 2023

HELPING PEOPLE GROW

Thank you for supporting The Glasshouse in 2023 - **you** make this impact possible. Lack of employment and safe housing remain key causes of reoffending. We will continue to address this as we expand our impact in 2024. Together we will help people grow, provide viable second chances and reduce reoffending.

0%

of women through our programme have reoffended

100%

of women completing our programme enter employment or further training

100%

of our women are released into safe, stable housing

## THE GLASSHOUSE...

7000+  
HOURS

of training and employment provided to vulnerable women in prison or recently released

20+ women

through our training and employment programme, receiving resettlement support

6500+

installed, creating biodiverse and healthy environments

75+  
FAMILY MEMBERS

and countless community members impacted through the support we provide women in prison

230+  
participants

in our wellbeing workshops, experiencing the benefits of horticulture and breaking down prejudices around prison

25  
women in prison

attended our Introduction to Horticulture Employment training  
*"The facilitators had a kindness and nurturing presence that made us feel valued and nothing was too much trouble. It was so different to our average day in prison and I left feeling so hopeful."*— TR

1500+  
PLANTS

sold and shipped to new happy homes across the UK

15%  
of women

leave prison to be homeless. The Glasshouse launched an ongoing collaboration with

**Crisis**

to help end homelessness

40 Christmas trees

400+ feet of garland

2500+ baubles

installed across London, extending our holiday service to provide more work and more training for women in prison

15000+  
people

working in healthier and happier environments, surrounded by our oxygenating plants.

# 85%

## growth in turnover

Our expanding Client Maintenance Team had an incredible year, nurturing plants as well as clients, and growing our business through providing outstanding service. One client commented:

*"Your team in training is just as professional, friendly and knowledgeable as your regular maintenance technician. I genuinely look forward to seeing them every fortnight! We are really happy, and they are both a credit to The Glasshouse."*

*"The Glasshouse found me at my lowest point in my life when I'd lost who I was and what I stood for in life. They provided me with a nurturing environment, helped me to see that there was hope and encouraged me to be me again, a person who had a lot to offer, who was skilled and eager to learn new things, a mother, a wife and a person who was capable of amazing things."*— Clara
