Graciela Torres (March 18, 1956 – October 30, 2020)
Graciela Torres was born in Jalisco on March 18, 1956. She migrated to Los Angeles in the 80's and it is here where she settled down and established a life, married and had two children with her husband Felipe. She worked at Esperanza Community Housing for 24 years, first as a literacy teacher at Villa Esperanza Community Center and later as a Community Health Promoter. Literacy and health were her greatest passion in life after her family. Graciela sadly passed away on October 30, 2020. Esperanza and the community continue to mourn her loss, but we will forever remember her as a dedicated and loving friend and colleague who devoted her life to serve her community.
