Hey Members!

Welcome to the Scarborough Campus Students’ Union (SCSU) Winter General Meeting! Although we are in unprecedented times, we are excited to virtually connect with all of you and inform you, our members, of the hard work we’ve done so far for you. The SCSU, over the years, has worked diligently to provide the best programming that engages our membership. Whether through our events, campaigns and advocacy work, or our members-only cost-saving services, we hope to meaningfully support our members both virtually and in-person; throughout your classrooms and community. And guess what? Working together, works! We wouldn’t be able to achieve all of our incredible victories this year – like UofT’s divestment from Fossil Fuels, safety improvements to the crosswalk at the Military Trail and Ellesmere Intersection, and revamping of the Credit/No-Credit policy, without the united efforts of all of you, our 14,000+ student membership at UTSC.

Working and studying from home during this pandemic has proven to be difficult for us all. However, your SCSU team was busy planning a mix of exciting virtual and in-person programming to keep you motivated through your studies. We hosted some of our most exciting Black History Month Programming, SCSU’s first ever Lobby Week and fun Frost Fest programming and giveaways. To combat the difficult financial times, we’ve been diligently meeting with Councillors, MPs, and MPPS to advance student concerns and seek to achieve a more accessible post-secondary education system. In addition, we continued our Emergency Support Grant, as well as our Academic Bursary, to support our members with any financial hardships they might be experiencing; like job loss, rent, food insecurity, and so much more.

These are hard and scary times, but one thing is always sure; collective action works, and even during a pandemic, when students work together, we see results! All of our accomplishments would not have been made possible without every one of you! Recognizing that Ontario students pay one of Canada’s highest tuition fees, the SCSU takes collective action through the Canadian Federation of Students, alongside over 500,000 students across the country. Together, we are united in the fight for accessible and affordable Education For All! This movement requires everyone’s support. It is our collective responsibility to ensure that all students have equitable access to a high-quality education. A united voice can create amazing things. This is your student movement, and the possibilities become endless when we join together. Although we should take great pride and joy in our victories, we are reminded that the work does not end here. There is still much to do, so get involved with your Students’ Union and let’s get to work!!!

In Solidarity,
Your 2021-2022 SCSU Executive Team

equity statement
The following statement shall be read aloud during the opening address of all meetings and events held by the Scarborough Campus Students’ Union:

1. **EQUITY STATEMENT**

As members of the Scarborough Campus Students’ Union, mutual respect, cooperation and understanding are our goals. We shall neither condone nor tolerate behaviour that undermines the dignity or self-esteem of any individual or creates an intimidating, hostile or offensive environment.

It is our collective responsibility to create a space that is inclusive and welcomes discussion. Any form of discrimination and harassment will not be tolerated. Hate speech rooted in, but not limited to, anti-Muslim, anti-Semitic, sexist, racist, classist, ableist, homophobic, or transphobic sentiments and/or remarks will also not be tolerated. We all have an obligation to ensure that an open and inclusive space, free of hate is established. Any behaviour that does not demonstrate an understanding of these principles and/or creates an unsafe atmosphere will not be tolerated.

2. **ACKNOWLEDGEMENT OF LAND**

We work towards ending systematic and institutional violence, by including Indigenous people in our collective decision making for social justice and equity. As settlers in Canada we have directly benefited from colonization and genocide of Indigenous people of this land. In order to engage in resistance and solidarity against injustices inflicted on Indigenous people, it is imperative we constantly engage in acts of decolonization. The first thing is to acknowledge that we are on the traditional territory of the treaty of the dish with one spoon, the Anishinaabe of which the Mississauga of New Credit peoples are a part of, and the Haudenaasaanee, the people of this tradition territory. I would also like to pay my respect to their elders past and present, and to any who may be here with us today, physically, mentally, emotionally, and spiritually.

EDUCATION FOR ALL

THE DEVELOPMENT OF THE CR/NCR POLICY:

History: The CR/NCR option was introduced in the mid-2000s after the Province of Ontario introduced degree breadth requirements. This option was first implemented at University of Toronto Scarborough (UTSC) and was subsequently adopted by the other large undergraduate divisions. Students can opt for a CR/NCR designation in non-program required courses. There are limits on the number of allowable CR/NCR courses on a student’s transcript. A declaration deadline was also established. Although the declaration timing has evolved over time, it always occurs prior the start of exams and after the mandated date that students receive evaluated coursework.

Recent context: During the Winter 2020 term, as a response to the pandemic and the unanticipated change in course delivery, the CR/NCR restrictions at UTSC were relaxed to include any course that term, and the deadline for declaration was extended to the end of the exam period, prior to the posting of final marks. University of Toronto Mississauga (UTM) adopted the same change. Faculty of Arts and Science (FAS) allowed students to see their final mark before making the declaration, in conjunction with removing Divisional requirements for a formal final examination. A special notation was placed on the academic transcript explaining this change, which also occurred in 2015 when a Teacher’s Assistant (TA) strike disrupted the Winter term. During the Summer 2020 session, in which all delivery was remote, the standard CR/NCR policy resumed for all three faculties. During the 2020/21 academic session, FAS permanently changed its CR/NCR policy for Winter 2020, whereas UTM and UTSC have not.

CR/NCR PLANNING MEETING AND CONSULTATION

Vice-President Academics, President and Executive Director finalized details towards the CR/NCR Consultation and CR/NCR Day of Action. On January 20, 2022, the consultation was specifically planned towards the Board of Directors and DSA’s to have a unique opportunity to directly contribute to the conversation.

CR/NCR DAY OF ACTION CONSULTATION

Vice-President Academics and President held the CR/NCR consultation with UTSC DSA leaders and SCSU Board of Directors. Students expressed that CR/NCR should be flexible and expanded to students taking degree requirements as it’s up to the student whether they want to pursue graduate studies or not. Overall, students expressed the expansion of this policy would highly benefit the greater student body.

CR/NCR DAY OF ACTION

Vice-President Academics, SCSU Executives, UTMSU executives and UTSC students came together for an email blitz to convey our demands. We received positive responses from the stakeholders we reached out to. Vice-President Academics and President will be attending the CR/NCR admin-run consultation later in February.

CR/NCR MEETING WITH STAKEHOLDERS

OUR DEMANDS:
1. Extend the deadline for declaration of CR/NCR to one week after receipt of final grades;

2. Expand eligibility of CR/NCR to be a total of 3.0 Credits throughout an Undergraduate Degree;
   - 2.0 Credits for non-degree courses, and 1.0 Credit for A- or B-level degree-required courses.

3. Promote CR/NCR as a resource and have more explanation on how to use it, the implications, etc. Students should not have to feel worried about using an institutional resource that is meant to support them. We should be able to create more trust between students and administrative supports.

Vice-President Academics and President met with faculty members and staff from the University of Toronto Scarborough who are stakeholders for this discussion. SCSU presented their calls to action to the policy as listed above. In the discussion, stakeholders talked about 3 main factors: limit of credits a student can take, restrictions in programs, and when can students declare cr/ncr. SCSU executives also responded to the following questions:

1. Should there be a limit on the number of CR/NCR that a student can have on their transcript?
2. What will the constraints be on which course can be taken as CR/NCR? (e.g. program courses)
3. Timing of the declaration of CR/NCR? (e.g. before or after the release of examination results)
4. What are the subsequent implications of CR/NCR for the students? (e.g. graduate applications)
5. What should the minimum grade be for CR/NCR courses?
6. Are there any other critical factors impacting the application of CR/NCR policy in your department?

At the end of the discussion, we asked when we would hear an update on the policy. Professor Mark Schmuckler said that the report would conclude in March and April and an update will be provided by April 2022. For more information, please contact Rimsha at academics@scsu.ca

  - Source employment, and mentoring opportunities for Black and Indigenous students
  - Improve work-study reflections to bring closer alignment to classroom EL experiences
  - Create a campus campaign to promote Program Pathways to better align program choice to career outcomes
  - Strengthen the connection between the classroom, community, and EL experiences to actualize career aspirations for all students.

- **Analysis Cluster**
  - Data extracted to compare retention and graduation rates among the UofT Divisions, and also generally for the U15 universities.
    - UTSC (& UTM) lags FAS in both year 1 - year 2 retention and 6-year graduation rate;
• UTSC shows improvement in retention, but flat in graduation
• UTSC retention rate is consistent with U15; graduation rate lies below

• A Probation and Suspension dashboard was developed.
  • Still too early in analysis to draw conclusions on relationship between these markers and
    retention/graduation rates

• A sample student population who withdrew from their programs in Fall 2021 session was identified, with the
  student characteristics, which programs were dropped and when.
  • The target population will be chosen based on the amount of times spent in the program
    (ideally at least one session) with focus on major and specialist programs

• To explore reasons for withdrawal, a survey to understand why students withdraw from programs and what
  factors influence their decision is proposed.

Racialized Students’ Collective

The Racialized Students’ Collective is an SCSU Equity Service Centre which seeks to be the safer space for those excluded from the traditional university design. We know that society routinely & systemically marginalises Black, Indigenous and Racialised folk; creating numerous barriers to ‘higher education’. Proudly championing the diversity of our UTSC community; the RSC exists to oppose racism, colonialism and all forms of oppression on and off campus, directed at our Racialized, Black and Indigenous students. Through our creative work of advocacy, services and collective allyship, we aim to continually reshape our campus culture that celebrates and honours our Racialised students. The RSC will be transitioning to a physical space reflecting the importance of Racialised students and their identities taking up space in their University!

FINANCIAL SUPPORT

Academic Bursary

Now administered outside of the Financial Aid Office, the Academic Bursary was created by the Scarborough Campus Students’ Union and is intended to support members that are dealing with financial hardship regarding their academic costs (e.g. textbooks, outstanding tuition fees, barriers to education). For other types of financial hardship (e.g. lost employment, need support accessing food or housing) the Emergency Grant form should be accessed. The move from the Financial Aid Office allows students to access their funds in a more accessible way, (e.g. via e-transfer) allowing for the bursary to be used for various costs as opposed to tuition on ACORN solely.

Emergency Grant

NEW SERVICE! Every year, SCSU will dedicate $10,000 to support students in navigating urgent and unforeseen financial emergencies. This year, we are also pleased to be partnering with the Office of Student Experience to increase the available emergency funding to $35,000! Students who are eligible will be able to receive up to $500 in emergency support. Application remains open until all available funds have been administered, or until the end of the Academic Year on April 30th when the Grant will reset.

Green Shield: Health & Dental

- SCSU provides students’ extended health care coverage through Green Shield Canada.

- New this year, SCSU successfully lobbied our Health and Dental Insurance Provider for the following:
  - Addition of semi-private hospital coverage.
  - Addition of Social Worker, Counsellors, Master of Social Worker, Psychotherapist practitioners.
  - Increase psychology services benefit from $800 to $2,000 per benefit year for all services combined.

For any questions relating to the health plan, please email health@scsu.ca.

Graduation Photos

The SCSU organizes on-campus photo appointments with Snap Studios for students that will be convocating from UTSC in June and November. The sitting fee includes a free copy of your class composite photo! Graduation photo service pivoted to be more accessible during the past year. All class composites are now digital. To better support international students, this year if students were abroad and unable to participate in our physical graduation photo services provided by Snap Studios, students were allowed to have their photos taken in their current location and submitted to the Snap Studios team to be included in their class composite.

WEBSITE

This year, the SCSU finally switched website platforms and navigated the transition from a WordPress-themed website to a fully optimized Squarespace website. Our intention has always been to streamline and communicate information as simply and direct as possible to our students but we found that our previous site required constant maintenance that was beyond our means. In using Squarespace, we are no longer patching broken code or focusing on the backend—we’re able to focus on what really matters: our content.

Since we’ve switched over our platform, we have integrated many versatile features. Most notably, we have added Tawk, a Live Chat software, to our website so that students can directly communicate with the Member Services Staff during office hours. We have also begun utilizing Acuity, a scheduling service so that students can book virtual appointments with either the Member Services Staff or our Executive Team’s office hours. Lastly, we have a Freebies page on our website where for the first time ever, the SCSU is offering a monthly Digital Planner for our students at absolutely no cost; the planner is designed by our in-house Graphic Designer and Creative Director and is dropped on a month-to-month basis. Alongside these wonderful additions, we plan on adding more features to our website but will launch these updates in the months to come.

SOCIAL MEDIA

With the rise of COVID-19 and safety concerns around social distancing, there has been an influx in keeping things virtual and digital. This year, the SCSU has made an active effort in our digital presence by increasing our focus in virtual activities and content. As such, we’ve increased our engagement on our social media accounts, especially with the incoming class of 2024.

The SCSU hired its first Social Media and Graphics Assistant (SMGA); this position is overseen by the Creative Director. The SMGA will oversee the SCSU’s social media accounts and will manage our communications with students as well as maintain our brand standards with content. The SMGA key focus is to improve engagement and trust with our membership.
