**Self-care is self-love: mommy and me event**

Programs for Parents gifted 10 young mothers at LEAD Charter School with baby monitors to help them stay connected. Their gracious gift inspired staff to create a space of relaxation where moms could have some girl talk, some yoga and some well-deserved self-care. Thanks again to Programs for Parents for allowing our mothers to stay connected to their children, so they can take some time for themselves. See more photos here.
