On the above listed date and time CPD dispatch began to receive multiple reports of shots fired near the listed location. Officers were nearby and responded to the High School which had been having a football game with a large number of people in attendance. While on scene Officers spoke to multiple witnesses who heard the shots but did not see anything. Officers did not locate any shooting victims and were not able to determine if the unknown suspect(s) were
shooting at any individuals. Officers processed the scene and located evidence as well as three vehicles in the High School parking lot that had been struck by apparent gunfire. Officers located and spoke to victims 1, victim 2, and victim 3, who were not at or near their vehicle when they were struck. All vehicles had a bullet hole through both their driver's side and passenger side rear windows.

Officers spoke to witness 1 (safety and security for Columbus City Schools) as well as witness 2 (the Assistant Principle for the school) who both reported hearing gunshots but did not see the source of them. Officers advised the CPD detective bureau of the incident and collected evidence which was transported to the CPD property room.
