

Ring Size Guide

Before proceeding, use the provided ring sizer to ensure the sample we give you is exactly 17 standard US ring sizes. Wrap the ring sizer around your finger at the base and pull the tapered end through the slit.

To make sure the ring will fit comfortably, we suggest also measuring your knuckle.

We will send you the ring sizer, included in the welcome kit package.

If the ring falls between two sizes, order the larger size.

If needed, compare your result to the International Conversion Chart on page 2.
