Team Evergreen is one of the most important bike clubs in the front range and an essential partner to Bicycle Colorado. Team Evergreen’s support has allowed us to advocate for bicycle-friendly laws, secure funding for bike infrastructure, and deliver our learn to ride education. We would simply be unable to have the impact that we do without Team Evergreen in our corner.”

Despite the pandemic, we kept moving forward with new events, expanded ridership, and organizational revitalization. We did it with care, in the open air.

Team Evergreen Cycling endures.
Team Evergreen has invested in our local communities and the state of Colorado since its beginning in 1988. As TE has grown, so has our ability to impact the community. In 2021, we awarded grants totaling $500,000, the largest single-year donation in our history.

“Team Evergreen has been an invaluable partner for COMBA in our efforts to plan and fund new mountain bike experiences in the Front Range. We work together throughout the year and quite frankly COMBA would not have the same impact for the MTB community without Team Evergreen’s support.”

— GARY MOORE, EXECUTIVE DIRECTOR, COLORADO MOUNTAIN BIKE ASSOCIATION
We are grateful for every rider, member, and volunteer who supported our events in 2021. Through their participation and dedication, we distributed the largest grant pool in our history.

Team Evergreen has been invested in our local communities and the state of Colorado since its beginning. And as we’ve grown, so has our ability to make a positive impact.”

— JEN BARBOUR, EXECUTIVE DIRECTOR OF TEAM EVERGREEN
