UPCOMING EVENTS

- March 25, Eastlake TOPS Community School Open House Wednesday 7-9 p.m. in Seward School, 2515 Boylston Ave. E.
- April 21, ECC General Meeting on Crime Control. 7-9 p.m. Tuesday in Seward School, 2515 Boylston Ave. E.
- April 26, Town Meeting—the next major step in the Eastlake Tomorrow neighborhood planning effort. Watch for article in our next issue.

RESIDENTIAL PARKING ZONE

There was a good turnout of Eastlakers at ECC’s General Meeting on March 10 to hear about the proposed Residential Parking Zone (RPZ). After a presentation by the Engineering Department, there were many questions and voiced concerns. The current proposition would limit parking on qualified residential streets (included here is the map shown by the Engineering Department at the meeting; more streets will probably be added). On one side of the street parking would be limited to 2 hours between 7 a.m. and 6 p.m.; on the other side to 2 hours between 7 a.m. and 6 p.m. and no parking at all between 6 p.m. and 5 a.m. Residents can park at all times if they purchase an RPZ decal for a fee of $27 payable every 2 years. For more information on this matter, see the article in the February Eastlake News.

Petitions must be signed by at least 60% of the residents. Please sign the petition that will soon be circulated in your neighborhood.

REVISION OF ECC’S BYLAWS

Your Ideas Needed--The Eastlake Community Council’s bylaws have changed little since they were adopted in 1971, and it is time to revise them. Write us if you would like a copy of the bylaws, send us your suggestions for revision, and let us know if you would like to help. Write to Bylaws Revision Project, c/o ECC, 117 E. Louisa #1, Seattle 98102, or call George Gabriel at 324-4061.

FREEWAY NOISE STUDY

Still Time to Comment—If you weren’t able to attend the Washington State Department of Transportation’s February 25 open house, ECC can provide you the useful handouts from that meeting. Your comments are urgently needed on the alternatives listed there. For example, do you favor putting a lid on Interstate 5, or do you prefer the construction of noise barriers or sound walls? What traffic restrictions would reduce the noise? To obtain a copy of the handouts (which include a comment form to be sent to WSDOT), or for any questions, write to: Freeway Noise, c/o ECC, 117 E. Louisa #1, Seattle 98102, or call 322-5463.
SUGGESTIONS SOUGHT—As a part of the June 1991 settlement of our case over the Eastlake Center II building, Blume Eastlake Limited Partnership is scheduled to pay $930,000 by June 1, 1992 to a "nonprofit organization or organizations designated by ECC, whose purpose is the improvement and/or acquisition of park property or the development or acquisition of low income housing." The two organizations that have so far been suggested as recipients of these funds are the Olmsted-Fairview Park Commission and the Eastlake Community Land Trust. The ECC board welcomes your comments, and any suggestions on other organizations that should be considered. Please write to Park and Housing Grants, c/o ECC, 117 E. Louisa #1, Seattle 98102.

CLEAN UP IN EASTLAKE

During the week of April 18 to 26, Mayor Rice is again sponsoring Spring Clean, when citizens clean up the public places in their neighborhood with the help of City litter bags and free hauling. Eastlake's parks and shorelines are particularly in need of care. Would you help coordinate this event, or take responsibility for a particular site? Write us at Spring Clean, c/o ECC, 117 E. Louisa #1, Seattle, WA 98102.

VOLUNTEERS NEEDED FOR ORAL HISTORY PROJECT

Would you contribute a few hours of your time to record and transcribe fascinating interviews with Eastlake's pioneers, some of whom have lived here since before 1920? Please write to the ECC History Project at 117 E. Louisa #1, Seattle 98102.

PEREGRINE FALCON CHOOSES EASTLAKE EYRIE

Birders from all over the city have joined local residents and employees in welcoming a rare peregrine falcon to a utility pole near the far northern section of Fairview Ave. E. The only dissenters have been a growing number of pigeons and their next of kin.

EASTLAKE TOPS COMMUNITY SCHOOL

2515 BOYSLTON AVE. E. • SEATTLE, WA 98102 • (206) 726-9128
