

# Pricing Guide

All of the workshops and coaching groups in Constellations have **three price point options**, reflecting our commitment to making our work accessible to a diverse, global membership. Paying at the top price point helps to support our lower price point options and fund our scholarships.

## **Consider paying less if you:**

- live in a country with a lower per capita income (e.g., Region C or D in the ABAI membership categories, Tier 3 in the ACBS registration categories)
- are supporting children or have other dependents
- have significant debt or medical expenses not covered by insurance
- receive public assistance, are unemployed, or are a full-time student

## **Consider paying more if you:**

- live in a country with a higher per capita income (e.g., Region A in the ABAI membership categories, Tier 1 in the ACBS registration categories)
- own the home you live in, have investments, retirement accounts, or inherited money
- travel recreationally
- have access to family money and resources in times of need
- work part-time by choice
- have a relatively high degree of earning power due to level of education (or gender and racial privilege, class background, etc.). Even if you are not currently exercising your earning power, we ask you to recognize this as a choice.

We also have low-cost pay-what-you-can scholarships available. Priority will be given to those who primarily serve underserved, disadvantaged and minority populations, clinicians who are members of minority groups themselves, and to early career practitioners or students in developing countries. Please email [constellationsoffice@gmail.com](mailto:constellationsoffice@gmail.com) to apply.
