Synopsis:	Water recovery of a deceased female discovered floating in the Puget Sound. Victim's identity confirmed as a reporting missing person. Next of kin notified.
-----------	--

Narrative:	<p>On 3/20/20 at about 1520 hrs, I responded to the Steilacoom Docks at 1 Union Ave in Steilacoom, WA concerning a death investigation.</p> <p>Prior to me arrival, I had learned that a kayaker had discovered a deceased female floating in the water and that West Pierce Fire & Rescue had executed a water recovery of the body. I also learned that a husband (other) Erik E Hasselquist had reported his wife (victim) Gwendolyn M Hasselquist missing early this morning under PCSD Case #20-080-00099, and that the recovery maybe related.</p> <p>Gwendolyn was a 45 yr old female with brown hair and brown eyes, about 5-04 and slight build of about 100 lbs. She lived with her husband at 14018 98th St Ct NW in Gig Harbor, WA. She was described as having multiple tattoos, such as:</p> <ul style="list-style-type: none">Dolphin - back-right shoulderSun - mid back2 lizards - abdomenFrog - right foot <p>Erik reported that Gwendolyn was believed she was showing symptoms of having contracted the COVID-19 virus and was despondent after having recently sought testing at St. Anthony's Hospital in Gig Harbor, WA. Additionally, Erik estimated that approximately 60 pills of Gwendolyn's prescribed Clonazepam were missing from the home. The family 2009 Chrysler Town & Country minivan, WA AKC2080, was also missing.</p> <p>Clonazepam is a benzodiazepine classified as a CNS depressant and is prescribed to treat anxiety and seizures. Online open sourcing indicates Clonazepam can impair judgement, thinking, and reaction time. A side effect can be increased suicidal thoughts and behaviors.</p> <p>I was able to view a video posted to Facebook by Erik (www.facebook.com/erik.hasselquist) on 3/20/20 at 0546 hrs with the text, "Here's the last image I have of her. She's missing. If you see her, please help her find her way home. We are all missing her!"</p>
------------	---

Printed: 3/23/2020 05:38:06
Printed By: Automated Policy

The video was a Ring doorbell type surveillance video. It was about 1 minute long and there was no observable timestamp. Gwendolyn exits the house wearing a black hooded windbreaker jacket with purple zippers and tight aerobic leggings with a busy, multicolored pattern of purple, black, white, etc. Gwendolyn shuts the door and attempts to lock it with her key. It is immediately apparent that she is dazed or impaired as she struggles fit the key in the lock. For a prolonged moment, she seems to almost forget (or is otherwise deep in thought) what she was doing and stood motionless with her key in hand.

WSP had respond to a single car collision on Hwy 16 Tacoma Narrows Bridge overnight involving a 2009 Chrysler Town & Country minivan, WA AKC2080, registered to Erik. During the traffic investigation, a citizen (other) Demetrius C Jackson reported having contacted a female of similar description about her parking her car there. Demetrius walked to 6th Ave and returned to check on the female. He stated that he saw a shadowed figure on the far side of the bridge railing that abruptly disappeared. Demetrius identified the female to responding WSP Trooper Knox as Gwendolyn from her WADOL image. Trooper Knox had indicated that Demetrius' story was inconsistent. The vehicle was impounded.

I was assisted at the Steilacoom Docks by PCSD Forensics Officer Anderson #4213 and Pierce County Medical Examiner Atzet #ME32. West Pierce Fire & Rescue Engine 24/Aid 24 were still on scene and had the recovered body in the back of the ambulance.

I was told that the body was found floating in the Puget Sound about 6 blocks north of our location and about 1000 ft from the shore. The body had reportedly floated about 2000 feet South with the incoming tide during the recovery.

The decedent was readily identified as Gwendolyn. She resembled her WADOL image, was wearing the same jacket and leggings as observed the video posted to Facebook, and all aforementioned tattoos were observed in their specified locations.

The decedent's upper left arm (humerus) was broken. She also had a tear in the flesh on the back of her left hand 1 - 2 inches in length. Additional cuts were visible on the inside left wrist; however initial impressions were that they were not self-inflicted cuts. Unknown injury was detected about her left knee. ME Atzet discovered pieces of broken glass in the decedent's bra (presumptively similar to glass from a broken vehicle window or windshield). The decedent was found to be missing a single front right tooth (upper central incisor), and there was a single small scratch like injury on the inside of both the upper and lower lip. No other obvious injury was observed.

A set of Chrysler car keys were found in decedent's pockets; however there was no wallet or other forms of identification.

PCME's Office retained jurisdiction of the body which was transferred from the ambulance to his vehicle. A summation of case related agency case numbers follows:

- PCSD Death Investigation - Case #20-080-01070
- PCSD Missing Person Report - Case #20-080-00099
- PCME Death Investigation - Case #20-0650
- WPF&R Recovery - Case #20-005454
- WSP Traffic Investigation - Case #20005454

I noted that the call to 911 came from (other) **Witness**. At about 1826 hrs, I left a voicemail for **Witness** requesting contact. He called back a couple minutes after.

Witness told me that he was not the kayaker in the water who found the body; however he observed the situation as he walked nearby. **Witness** recognized the floating body and waived to the kayaker for confirmation before calling 911. He said the kayaker and the body were directly west of 1914 Commercial St.

Witness said the kayaker kept his distance from the body the entire time, even during the rescue efforts. He did not observe any concerning circumstances or behaviors from the kayaker, and no one was observed "fleeing" from the scene. The kayaker is at this time unidentified.

Pierce County Sheriff Department Incident Report

Jurisdiction Agency: Pierce County Sheriff Department

Incident No. 2008001070.1

Page 7 of 7

At my request, PCSD Chaplain Grimes #9019 notified Erik of his wife's recovery from the Puget Sound around 1900 hrs. He commented that Erik showed little emotion and appeared unphased by the notification.

I later submitted a request to WPF&R for a copy of the responding Medic's Field Report. It was noted in the related missing person report that the related WSP investigation had already been requested.

I again viewed the Facebook video of Gwendolyn leaving her home. It appeared as though Gwendolyn may have had the observed injury to the back of her left hand prior to leaving the residence.

I was unsuccessful in saving the video at this time. Using my department phone, I captured a video of the Facebook post and several screen shots. These video and images were later transferred to a CD and submitted into property at PCSD HQ.

This case will remain active pending the ME's Postmortem Examination Report.

Detective D Christian 236/03005

Investigative Information

Means:		Motive:	
Vehicle Activity:		Direction Vehicle Traveling:	

Synopsis:

Narrative:

CRIME SCENE:
 On 03-20-20, at 1520 hrs, I was contacted by South Sound 911 Dispatch and was requested to respond to 1 Steilacoom Blvd, regarding this death investigation.

At 1550 hrs, I arrived and established contact with Det. Christian #236, who further explained this incident to me.

This scene consisted of a female body that was in the back of the West Pierce Medic vehicle. West Pierce Fire had recovered this female from the water if the Puget Sound prior to my arrival. This female was wearing multi-colored pants, a black and pink jacket over a tan sweater and a black shirt. Her left upper arm appeared to be broken. Atzet ME32 arrived and took possession of the body.

I exposed multiple digital images of the scene using the Nikon D-3300, set on auto focus with a Nikon DX AF-S Nikkor 18-55mm f/1:3.5-5.6 G II or DX AF-S Nikkor 55-200mm f/1:4-5.6 G II ED lens in the FINE resolution format and 13.5M pixel sizing. The built-in auto flash or attached Speed light was utilized as needed dependent on ambient light availability. Images were captured on a 2 GB compact flashcard and transferred to the Case Images Server.

I cleared the scene at 1730 hrs.

Synopsis:

Narrative:

On 3/24/20, I received the requested medic field report from West Pierce Fire & Rescue (Incident #20003579).

The field report indicated that WPF&R dispatch time was 1419 hrs and arrival on scene was 1427 hrs. An official time of death was noted as 1507 hrs by Dr. Hirsig at Good Samaritan Hospital.

The field report was downloaded, transferred to a CD, and submitted into property at PCSD HQ.

At about 1115 hrs, I phoned WSP and requested a copy of Trooper Knox's collision report and any related documentation regarding his investigation prior to the recovery of the decedent. I was provided contact information for Trooper Knox and the WSP Public Disclosure office. I sent the request to both contacts via department email.

I was provided a CAD readout of the WSP incident and Trooper Knox #608 later supplied me with documents related to his investigation. Such documents included an incident report, a typed "statement"

from assisting Gig Harbor PD Officer Erwin #118, an impound form, and several scene photos of the involved vehicle.

Trooper Knox documented that he was dispatched to the 2009 Chrysler Town & Country parked mid-span of the Narrows Bridge (eastbound) around 0017 hrs (3/20/20). The caller reported observing broken glass in the roadway and a black male near the vehicle. Trooper Knox arrived at 0020 hrs and contacted (other) Demetrius C Jackson as he was reaching into the vehicle.

Demetrius' behavior was erratic as issues of both alcohol and mental health was suspected. He claimed to have been offered a ride by a female driver in the minivan and he asserted that there was another passenger in the back of the car. The female stopped the car, got out, and gifted Demetrius the vehicle.

Officer Erwin documented that he contacted the minivan's registered owner (other) Erik E Hasselquist at his home around 0053 (3/20/20). Erik maintained that his wife (victim) Gwendolyn M Hasselquist was home with him and he was noticeably unphased when advised his vehicle had been "stolen".

Erik reported last seeing his vehicle around 2200 hrs (3/19/20). Erik showed a doorbell camera video of Gwendolyn leaving the house around 2219 hrs. Erik insisted she returned home after; however there was no video of her doing so. Officer Erwin did not verify that Gwendolyn was home as Erik stated he believed his wife was positive for the COVID-19 virus.

Officer Erwin notified Trooper Knox that the minivan was an unreported stolen vehicle. Demetrius was taken into custody at the scene. Post Miranda, Demetrius amended his story and claimed he was not picked up by the female. He said the female in the minivan was unresponsive when he told her not to park on the bridge. Demetrius walked towards Jackson Ave but returned to check on the vehicle and its occupants. He noticed a "dark figure" over the guardrail which then disappeared. He could not say the figure was the female driver or if she had in fact jumped from the bridge. Demetrius assumed she had jumped. He maintained the minivan was a gift because, "I thought it was her last dying wish."

Trooper Knox later learned that Gwendolyn had been reported missing. Demetrius was released from custody. Demetrius ID'd Gwendolyn (from her WA DOL image) as the female he had interacted with on the bridge. Erik's image was also shown to Demetrius; however he did not know him.

The images of the minivan showed extensive damage down the passenger side of the vehicle. All passenger side windows appeared blown out or missing. Neither the WSP report nor the impound sheet indicated any inventory of the vehicle.

The related WSP documents were transferred to a separate CD and were submitted into property.

Investigative Information

Means:		Motive:	
Vehicle Activity:		Direction Vehicle Traveling:	

Synopsis:	Additional investigation.
-----------	---------------------------

Narrative:	<p>Please note for consideration that during the course of this investigation, a number of family/friends/citizens familiar with Gwendolyn came forward with concerns that her death was not an act of suicide.</p> <p>In brief summation, it was related to me that Gwen had recently confronted her mother about historical sexual abuse as a child by a male parental figure. She was known to be in therapy and was doing well. Gwen was re forging old familial bonds, expressed a positive and optimistic outlook on life, and was making plans for the future. It was discussed that she would never abandon her children intentionally.</p> <p>Additionally, it was related that Gwen's husband (other) Erik E Hasselquist has concerning history and has acted strangely since Gwen's death. He was described as an alcoholic. I located local history of a DV related issue where Erik and allegedly assaulted Gwen after he had been making suicidal ideations while they lived on the JBLM military installation.</p> <p>Erik had insisted that Gwen was despondent over what he assured was a positive COVID19 diagnosis and was therefore driven to suicide. In the days that follows, a family pet died and Erik was quick to explain on social media that the pet was also taken by COVID19. Erik began isolating the children from Gwen's family and friends.</p>
------------	--

Erik continued to post his feelings and memories of Gwen on social media; however on 5/30/20, Erik posted on Instagram that he was ready to meet a new woman. By 6/9/20, I was provided a YouTube link (<https://youtu.be/MARrClukrkY>) of his marriage to a Kenyan woman that he was said to have met only a couple weeks prior. Subsequent Instagram posts show his Kenyan bride hugging an expensive new Mercedes vehicle.

Though unusual, these documented circumstances do not readily identify any overt malicious intent behind Gwen's passing; however they do present cause for consideration. Those with opinions about the welfare Gwen's surviving children were encouraged to report their concerns to local CPS.
