

# Get your World Turning

**Arts in Junior Cycle** and the **Junior Cycle Technologies Team (JCt4)**, in collaboration with woodturner Willie Creighton, are pleased to offer Get your World Turning again in April and May, 2023.

Experience exciting ways of creating turned artefacts in the Wood Technology classroom. Experiment with the craft of woodturning with an emphasis on using the natural properties and aesthetics of wood to create artefacts of value. Participants will experience a range of specialised turning techniques including laminated turning and others. The natural properties of wood will also be explored.

<b>Saturday 13th May 2023</b> 10:00am – 4:00pm	<b>Willie Creighton's Workshop,</b> Aghamore, Ballyhaunis, Co. Mayo, F35 FT22

**Willie Creighton** is a professional woodturner and former chairman of the *Irish Woodturner's Guild*. Willie owns and runs his own business, *William Creighton Carpentry and Woodturning*, situated near Knock and Ballyhaunis, Co. Mayo. He aims to promote the craft of woodturning by providing a platform for new and experienced woodturners to develop and enjoy their passion. In addition to running a business, Willie also facilitates a range of evening workshops in woodturning.

During his career, he has worked on various prestigious projects, including the restoration of the 1916 *Boland's Bakery* building in Dublin and the ceiling and roof at *St. Muredach's Cathedral* in Ballina.

**This is an elective workshop** \* Supervision/Substitution will not be provided for these workshops (Friday workshops).  
*Spaces are limited. A waiting list will apply.*
