CEDRUS NYC

Our mission

Cedrus NYC is a high end landscape design/build LLC, operating in all five boroughs. We believe in the importance of time spent outdoors, and aim to create personalized outdoor oases in the city. We focus on residential installs of hardscape and softscape landscaping elements for backyards, rooftops, and patios. Cedrus was formed out of a common appreciation of how hard work and careful planning can create exceptional results.

Our team

Ethan Jernigan, Gregory Hinkson and Derrike Price have come together to form Cedrus NYC LLC. We bring high quality craftsmanship and an attention to detail, achieved through our decade of experience as former employees of Staghorn NYC LLC. As friends and co-owners, we have the kind of resiliency and efficiency that comes from having nurtured a strong, trusting, and cohesive team. It is this focus on teamwork, communication, and safety that sets Cedrus apart. Additionally, lead carpenter Ethan Jernigan has received three National awards for his work in Canada.
