Information about DatE-IT 2023

We are pleased to welcome you to this year’s DatE-IT fair! Here is some information about how to prepare for the fair and what to expect.

Deadlines

The last day to increase the number of lunch and banquet tickets is 2023-11-01. The last day to confirm banquet attendance and food preferences is 2023-11-01. The last day to register a contact person for the fair is 2023-11-01. The aforementioned deadlines are completed by filling out the “Registration of contact person and ticket confirmations” form at app.date-it.se. It is mandatory to fill out this form!

The last day to report any goods deliveries is 2023-11-09. See “Deliveries” below.

Location

The fair will be held in the SB3 building at Chalmers campus. The address is Sven Hultins gata 8, 412 58 Göteborg. Goods can be delivered to Betonggården, 412 58 Göteborg. More information about deliveries is available further down. The closest bus/tram stop is Chalmers, a few minutes walk away.
Logistics

Before the Fair

Prior to the fair opening, you should set up your booth, which will be done in the afternoon of the day before (November 13th). You will have access to the premises starting at 14:00. There will be an opportunity to make final preparations in the morning of the same day as the fair, between 07:00 and 09:30. Everything must be in place by 09:30 for safety inspections. Goods deliveries can be received from November 10th to November 13th (Friday to Monday) by arrangement with us.

The premises will be monitored by security personnel.

All booths will have back walls. If you have pre-ordered a TV-screen, please bring your own HDMI cable and any necessary adapters. If you intend to bring glass bottles, this must be communicated beforehand. Remember that peanuts are NOT allowed at the fair.

All goods arriving at the fair need to fit the size of the entrance: width 155 cm, height of 200 cm. The main fair hall is on the 2nd floor. Any goods that can’t be carried manually must fit the limitations of the elevator: width 85 cm, height 210 cm, depth 140 cm, max weight 200 kg.

During the Fair

The fair opens at 10:00 and continues until 16:00. You must be present throughout the entire duration of the fair, and dismantling can only commence after the fair has closed. If you have any questions or concerns during the fair, we will be available throughout the day. You will also be assigned a student host who will be your point of contact during the fair. Remember that you must always stay within your booth area, even when speaking with students.

After the Fair

When the fair concludes, you can begin packing up your booth. Everything you bring must be taken with you, as we cannot handle leftover items. Ideally, we ask that you take your belongings with you directly after the fair. In exceptional cases, we can store them in a storage room overnight. However, it must be retrieved no later than 11:00 AM the day after the fair. Failure to do so may result in a delay fee. Nothing can be left in the fair premises overnight.
Deliveries

If you bring your own goods to the fair, you DO NOT need to report this in advance.

If you use a courier service, you are responsible for booking it yourself. We at DatE-IT do not have any collaboration with any courier company. Goods deliveries must be reported via email to oscar.sjocrona@date-it.se no later than 2023-11-09. Goods deliveries can be received from November 10th to November 13th (Friday to Monday). The following information must be included in the email:

- Contact person (name, phone number and mail)
- Day and time for the delivery and pick-up
- Number of parcels, and name of delivery firm

Make sure that the parcels are CLEARLY tagged with your company name. You are responsible for the delivery and for the payment.

We would like everyone to take all their goods with them directly after the fair but in exceptional cases, we can store goods in a storage room overnight. However, it must be retrieved no later than 11:00 AM the day after the fair. Failure to retrieve goods before 11:00 AM will result in a delay fee.

Other useful information

There will be a manned wardrobe available for each representative. We will hand out temporary wi-fi codes to company representatives.

Student host

Each company will be assigned a student host to assist you during the fair. They will be your number one contact and they are responsible for answering any questions and helping you throughout the day!

Lounge

This year we will have two lounges, one on the upper floor and one on the lower floor. In the lounges there will be lots of refreshments and a calm area to relax between the conversations. Breakfast will be served in the lounges between 8:00-10:00.
Lunch
Your company’s lunch tickets will be handed out divided into 3 slots. 11-12, 12-13, 13-14.

Banquet
The banquet will be held at the lunch restaurant and pre-mingle will begin at around 17:00. The banquet itself will start at around 18:00. There will be a three course dinner with some drinks included. There’s no special dress code. The banquet will consist of around 50/50 students and company representatives.

Additional questions
For any questions regarding goods deliveries, please contact Oscar Sjöcrona at oscar.sjocrona@date-it.se. Mobile: 0708910108
For any questions regarding logistics, please contact Edvin Alestig at edvin.alestig@date-it.se.
For any questions regarding lunch- or banquet tickets please contact Smilla at smilla.kierkegaard@date-it.se.
For general questions, contact us at info@date-it.se.
