OVC  Compact Electronic Fan Heater

Features

Color
• Standard: white.
• Optional (upcharge applicable): almond, metallic silver, bronze, metallic charcoal, aluminum, semi-gloss black, sand.
• Custom colors available upon request.

Finish
• Standard: epoxy/polyester powder paint.

Voltage
• 240/208V, 1-phase.

Construction
• Shock-resistant cast aluminum front cover.
• 20-gauge steel.
• High-limit temperature control with automatic reset.

Fan
• Whisper-quiet squirrel-cage fan.
• Factory-lubricated, two-speed motor.

Heating element
• Nickel-chromium alloy stitched wire protected by mica insulators.
• Heating element provides instant heat.

Control
Model (-TH)
• Operating modes adapted for all requirements (comfort, economy, frost-free mode).

• Built-in electronic digital thermostat/timer with backlit display that can be used as a night light.
• Electronic thermostat with 2 triacs automatically switches from 750W to 1500W when needed.
• Keypad lock function that eliminates unwanted temperature adjustments and the use of the thermostat modes.

Model (-PW)
• Requires non pulsing wall-mounted thermostat (sold separately).
• Wattage must be selected at the time of wiring (750W or 1500W).

Installation
• 6 in. (152 mm) minimum clearance to floor.
• May be recessed or surface-mounted without adaptor in 2 in. X 3 in. stud partitions with gypsum.
• Easy installation and connection with mounting screws and knockouts (mounting screws included).
• Template included.

Warranty
• 5-year warranty against defects.

Application
• Hallways, bathrooms, shower rooms, dining rooms, kitchens, corridors.

² For factory installed options, add the option number to the product number. See the Product Code section inside the front cover.
³ Requires non pulsing wall-mounted thermostat (sold separately). Please refer to the Wall Thermostats Reference Chart.
¹ For the U.S. only: The nominal current of the unit must not exceed 80% of the capacity of the disconnect. This option is available with built-in thermostat (option -TH) or power selector (option -PW).
⁴ These options must be chosen with the power selector (option -PW).
