Spin wheel

Your neighborhood won the LOTTERY!

You have been ELECTED Mayor for a day!

### Spin Wheel Responses:

- **I would give it to poor people to have their own house.**
- **Help people give them food if they don’t have any.**
- **Get all the abandoned houses torn down.**
- **Have people pick up all the trash.**
- **Stop signs, street lights.**
- **New house, cleaned and fixed up.**
- **Fix up the house.**
What would you do to improve your community?

[21 comments]

- **Housing** (24%): Fix up houses, update apartments, give poor people $ for housing
- **Public space** (19%): Swimming pool, a place just for kids
- **Basic needs** (19%): Give money to poor people, help people, give them food
- **Streets** (19%): Make it safer, stop signs, fix streets, make it easier to bike
- **Other** (19%): Pick up trash, tear down abandoned houses, ask people what they need

Your neighborhood won the LOTTERY!

You have been Elected Mayor for a day!
Summary: what we’ve most frequently heard

Community
There is a lot of pride in Summit Lake with committed residents and organizations looking to improve the community.

“There has always been a strong sense of community here.”
Open space
The Civic Commons has brought the community to the water - the programming and activities on Summit Lake are invaluable.

However, what is happening on the lake often feels separate from the rest of the community.

There are great park spaces around Summit Lake but fewer opportunities on the hill.

“Summit Lake feels so far away. If you don’t live a block away it feels so far away. You aren’t connected. It’s just far.”
Summary: what we’ve most frequently heard

Streets

Streets and sidewalks are in poor condition and cars move too fast!

“People fly up and down the streets (speeding) on IRA. You can hear it at night. I watch people blow right through the stop signs.”
Summary: what we’ve most frequently heard

Quality of life
The overgrown lots, unsealed buildings and trash are major quality of life issues for neighbors.

Property owners need help to maintain houses.

The neighborhood safer now but there is still work to do and there’s still a perception of Summit Lake as a dangerous place.

“The neighborhood has gotten better, the drug activity has gone down but homeless camps are tucked away in the community.”
Basic needs

There are not enough retail amenities in Summit Lake. You have to leave the community to take care of basic shopping and needs.

It’s difficult to get a loan or land for housing in the neighborhood.

Basic needs must be met first, people are in survival mode.

“There are no amenities around here. If you want a cup of coffee you’re out of luck. To get lunch, you have to Uber or Door Dash.”

“There used to be a pharmacy where the save a lot is inside the store. We don’t have a pharmacy, we have two senior citizens buildings, we need a brick and mortar pharmacy.”

Summit Lake will be a **safe** and **desirable** place to live.

There will be a **strong sense of community** where people look out for each other.

Residents will have what they need to be **healthy** and **independent**.

**Natural assets** will be an integral part of the community and will help make it unique.
