About our Brand

Printfresh is a travel-inspired sleepwear and lifestyle brand designed in Philadelphia and handmade by sustainably and ethically conscious partners in Jaipur, India.

Our pajamas and robes feature original patterns on breathable, 100% GOTS-certified organic cotton poplin fabric that gets softer with each wash. Inspired by plants, animals, travel, home decor and a penchant for 1970's hippie and surf culture, our collections are a reflection of textile designer and fashion entrepreneur Amy Voloshin's quirky loves and passions.
