Consistent with EIRA’s adopted bylaws and its adopted Conflict of Interest (COI) policy, without intent to replace or void those documents, and consistent with applicable federal, state or local laws governing such matters, this policy is intended to supplement the preceding by expressing EIRA’s commitment to strive to avoid discrimination in its hiring policies on the basis of race, color, creed, religion, ancestry, national origin, sex, affection preference, disability, age, marital status, source of income, or criminal record where the offence is not validly related to the job.

Affirmative action is not mere passive non-discrimination. It is action, including procedures, methods and practices, which offer opportunities relating to means of participating in this organization for members, staff, and other community residents. This organization encourages recommendations about how it can affirmatively increase participation in its activities
