HALF SQAURE TRIANGLES

1. Choose **(2) 10" squares** of different fabrics from your layer cake. Align them **RST**, pin in place. Sew a 1/4" seam around the entire perimeter of the squares. **Figure 1**
2. Use a ruler to cut a diagonal line from corner to corner. Without disrupting the original shape, pick up your ruler and place it in the other direction to cut a diagonal line through the opposite corners. **Figure 2**

QUILT TOP ASSEMBLY

Create rows by alternating HST blocks with **10" x 10"** layer cake squares, as shown in the quilt top assembly diagrams. Press seams toward the 10" squares. Join the rows together, seams will nest. Press seams as desired.

Note: It is not necessary, but, I recommend that 10" squares be placed next to a HST block of a different fabric.
