SPECIES

Join Us for Tours, Tabling, and Community

Join our team as we host a Bushy Lake Eco-Cultural Restoration Community Celebration on April 29th 2023 from 10:00am - 1:00pm.

Come Learn More About us

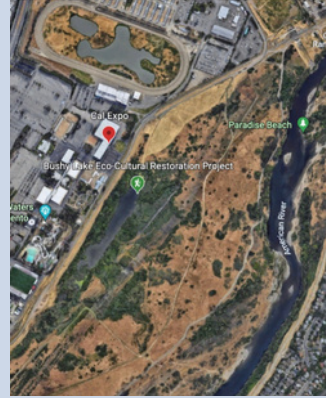

Bushy Lake is an Eco-Cultural Restoration Project in Sacramento, CA (adjacent to Cal Expo) that was established in 2015 (www.bushylake.com). Eco-cultural restoration is a core component of our project and includes planting culturally significant native plant species. We are also conducting a Northwestern Pond turtle conservation project, conducting weekly bird surveys, and monitoring wildlife cameras.

NATIVE VEGETATION PLANTING AND
NON-NATIVE VEGETATION REMOVAL

Location

We will be meeting in the parking lot of the
Cal Expo RV Park
500 Ethan Way Sacramento CA 95815
