Homelessness
Prevention
An individual or household at risk of homelessness due to an eviction or disconnect notice with no other resources or support networks.

Homelessness
An individual or household is considered literally homeless if they are staying in a place not meant for habitation (such as outside, in a vehicle, or abandoned building) or in an emergency shelter.

Individually/Households in Need of Homelessness Prevention or Experiencing Homelessness

Diversion Triage
Prescreen questions to learn about the client's situation and connect them with community resources and emergency services.

Schedule Coordinated Assessment (CA)
Complete if the client is literally homeless and a prioritized population (Veteran, Youth, Family, Chronically Homeless*).

Conduct CA
Gather history of homelessness and client information and complete the appropriate vulnerability assessment tool to measure vulnerability to housing instability.

Referral Housing List
Place on referral list based on history of homelessness, prioritized population, coordinated assessment, and vulnerability assessment tool score.

Referral Housing List
Place on referral list based on history of homelessness, prioritized population, coordinated assessment, and vulnerability assessment tool score.

HP Waitlist
Client is placed on the HP Waitlist based on availability and the 6 prioritization categories: previously homeless, household, utility disconnected, Veteran, youth, and economic hardship.

HP Assessment
When a referral is available, the client will be contacted based on their prioritization ranking to complete the HP assessment in order to assess their vulnerability to losing their current housing.

Referral to Partner Agency
If the client is eligible, then they will be referred to a partner agency for assistance when there is a program opening based on eligibility and funding.

*Chronically Homeless is an individual or household with a verified chronic disabling condition who has been literally homeless for at least 12 consecutive months OR is currently literally homeless and has been homeless for 12 months total over a 3-year period on 4 separate occasions.
