All businesses, employees, and County residents are encouraged to share Safer At Work content in their workplace and digitally on social media.

Stopping the spread of COVID-19 in order to reopen our economy safely will require participation from everyone in our community.

**SHARING INSTRUCTIONS**

You can find all the campaign graphics at [saferatwork.la](http://saferatwork.la)

- For general content [click here](http://saferatwork.la)
- For restaurants [click here](http://saferatwork.la)
- For salons/barber shops [click here](http://saferatwork.la)
- For retail [click here](http://saferatwork.la)

Click on any image on the website in order to open it in a new window, download it, and share it on social media. There are also more detailed posters that can be printed and used in store or online.

Use the hashtags #SaferAtWorkLA and #SaferAtWork

Tag us @saferatworkla on Instagram, Twitter, and Facebook

**Suggested copy:**

- Shop safely to protect each other.
- Screening people at the door can prevent the spread.
- Use your head, prevent the spread and mask up!
- When you see an Angeleno wear a mask, it means they care about you. Show them you care as much by wearing yours correctly.
- Reopening Los Angeles County safely will require active participation from every business owner, employee, and customer. By working together we can build a safer community.
- Safer at Work Los Angeles is a collaborative, County-wide campaign created to remind us that together, we will restore our local, thriving economy.
