Statement from Europe-Iran Business Forum Organizing Committee on Postponement

December 13, 2020

TEHRAN - The organizing committee of the Europe-Iran Business Forum has decided to take the exceptional step of postponing the conference, which was slated to take place on December 14-16 as an online event.

Over 3,300 individuals from 40 countries registered to participate in the forum. The European and Iranian business communities continue to see significant potential and value in commercial exchanges.

The power of economic diplomacy lies in its ability to provide a framework for constructive relations while also advancing economic opportunity and economic welfare for citizens. The Europe-Iran Business Forum was organized with these goals in mind.

European and Iranian policymakers continue to engage in the necessary dialogue to establish the appropriate conditions for effective economic diplomacy.

The organizers of the Europe-Iran Business Forum look forward to holding the conference in the near future in order to achieve our goals in full.
