HOW TO RESIZE YOUR PHOTOS

If you are using **Photoshop** example below:

Go to, File, Export, Export As...

A new window will open. On the right side under File Settings - Format: JPG, Quality 100%

Image Size –

Adjust the **WIDTH** to between **1200- 1500 px.** (Height does not matter)

At the bottom of the window you will see - Color Space- check the box Convert to sRGB

Export your image to a file on your computer. **Be sure you Rename** your photo to the description above. Email your image to: <u>opccphotos@gmail.com</u>

If you are using Lightroom: Example below

Go to File – Export A new window will open. **Export Location -** Export To: Choose where you want your photo to go. Then use the dropdown arrow next to **Existing Files:** Choose a new name for the exported files.

File Naming – Check the box Rename To: Choose Custom Name Custom Text: G_E_sunset_SusanW

Example: G_E_sunset_SusanW.jpg

File Setting

Image Format: **JPEG** Color Space **sRGB** - **Do not** check the box Limit File Size To:
