

Turn Your Laptop into a Full Workstation with the New CA Essential Universal Docking Station with Triple Monitor Support from Cyber Acoustics

Work efficiently and increase productivity with this TAA compliant docking station that offers complete connectivity and charges your laptop

Vancouver, Wash., March 20, 2023 – [Cyber Acoustics](#), a leading manufacturer of reliable and affordable computer peripherals used in schools, businesses, and homes, today announced the [CA Essential Universal Docking Station DS-6000](#). This versatile, compact solution organizes your workspace, powers your laptop, and allows you to easily connect all your peripherals with a single USB-C cable. Featuring support for up to three 4K HDMI monitor displays, this laptop docking station is designed to enhance productivity for both PC and Mac users running Windows 10/11 or Mac OS 10.6 and above. It is also TAA compliant.

A modern tool for today's evolving work environments

Gone are the days of managing a single inbox. Today we juggle email, chat rooms like Slack or Skype, as well as online meetings with Zoom, Microsoft Teams, or Google Meet. Then add dozens of open tabs and documents and modern work becomes a dizzying array of [task switching that research shows reduces productivity](#).

Modern technology like the CA Essential Universal Docking Station DS-6000 provides hybrid, mobile, in-office, and work from home employees with a productivity enhancing tool that enables triple monitor support. It's [well documented that dual monitors increase productivity](#) and [other studies show the use of three monitors further increase productivity over the use of two](#). Reducing the amount of time toggling between tabs, apps, meetings, and chats enables faster workflow with fewer clicks.

Give your laptop more capabilities

The CA Essential Universal Docking Station DS-6000 not only enables improved workflow, it enhances the abilities of your laptop through the addition of a variety of ports, allowing input devices, external drives, monitors, and Ethernet to be instantly connected to your PC or Mac via a single USB-C cable.

"Laptop docking stations are a great way for employers to create workstations with seamless transition for hybrid workers while offering remote employees a way to create a professional,

productive workstation at home,” said Steve Erickson, COO at Cyber Acoustics. “The CA Essential Universal Docking Station is another addition to our product portfolio that proves quality doesn't have to mean expensive.”

CA Essential Universal Docking Station DS-6000 features and availability

The [CA Essential Universal Docking Station \(MSRP \\$189.99\)](#) is available now on [Amazon.com](#) and through most IT resellers. Features include:

- Single USB-C connection to your laptop
- Triple 4K HDMI connections with DisplayLink technology. All ports up to 4K@60Hz
 - All three HDMI ports work simultaneously with laptops supporting Thunderbolt 3 or 4 technologies, while older laptops that do not support Thunderbolt or DisplayPort Alt Mode will still have support for two HDMI outputs with the DisplayLink technology
- 4x USB-A 3.2 Gen 2 ports, with two ports on back and one on front
- 2x USB-C 3.2 Gen 2 ports on front
- 10/100/1000Mbps GbE port
- 130-watt dual voltage power adapter included
- Up to 96-watt power delivery
- Integrated K-Slot (cable not included)
- Tethered USB-C cable (0.6 meter) for connection to PC or Mac
- Compatible with Windows 10/11 and Mac OS 10.6 and above
- TAA compliant, meeting standards for use by U.S. government

Cyber Acoustics has laptop docking stations for all use cases

The CA Essentials line of laptop docking stations includes USB-C hubs to meet any style of work. The [CA Essential Micro Docking Station DS-1500](#) is perfect for travel, fitting easily in a backpack or briefcase. The DS-1500 also features Qi wireless charging.

The [CA Essential Docking Station DS-2000](#) includes complete laptop connectivity and integrated cooling fans for improved laptop performance, making it a perfect choice for heavily used laptops, or co-working spaces where multiple people may dock and undock throughout the day.

The [CA Essential Laptop Docking Station DS-1000](#) is a compact USB-C hub with support for dual 4K HDMI displays, and featuring a bevy of ports for complete connectivity and workspace organization, while powering and charging your laptop.
