## Libraries

### Libraries

#### Vale of Glamorgan Libraries – Home Borrower Service

Vale of Glamorgan Libraries run a Home Library Service which uses volunteers to deliver books to people in their own homes. This free service is for anyone who can no longer get out of the house to visit a library themselves because of disability or mobility issues. Volunteers drop off a bag of books at reader's homes every 4 weeks and collect the previous month's books.

The volunteer can deliver books in a number of formats – ordinary print, large print or talking books on CD. As the reader, all you need to do is give the volunteer an idea of the kind of books you like – books by a particular author, for example, or historical, crime, romances or non-fiction – the choice is yours!

If you would like to help us deliver the service or if you think this service might be just what you need or if you know of someone who could benefit from it, please call Melanie Weeks on 029 2070 8438 for more information.

#### Vale of Glamorgan Libraries

Vale library members have access to over 250,000 books, 7,000 talking books, 10,000 DVDs as well as free book reservations for any book in Wales, free internet access and a host of other fantastic services. All of our services are available to everyone, but some may be of particular interest to some older people:

**Books:** All libraries provide a free, wide-ranging stock of books for people of all ages, including books to support people living with dementia and their families. There is a proven link between reading for pleasure and increased wellbeing so if you haven't visited a library for a while give it a go.

**Large print books:** These are books printed in a larger font size – typically 16pt. – and on denser paper, making them much easier to read and comfortable on the eye.

**Talking books:** These are books recorded onto CD by well-known actors. Most feature the whole, unabridged version of the book and the collection also has dramatized versions of some novels. Library users of all ages love talking books because they allow you to get on with other things while listening to your book.

**E-services:** Vale Libraries provides a range of e-services including e-books, e-audio books, e-newspapers and e-magazines. These are all free and can be downloaded at home and viewed on a phone, tablet or PC. Library staff can help people set up the services on their portable devices.

#### Care Homes Service

Our service for care homes provides a regular, changing supply of books. These are chosen by library staff, based on resident requirements, and can include talking books and titles from our Dementia-Friendly collection. More information can be found at
