---

Dear beneficiaries,

The Intonomous project is coming to an end and we would like to organize one more equally important event for you, which can move you forward in your successful journey, but this time in Central Europe and with all of you.

Ostrava is recognized as an emerging start up ecosystem with focus on:

- (i) industrial automation,
- (ii) medical devices,
- (iii) future mobility.

MSIC and Autoklastr are strategic partners for the area of future mobility and industrial automation. As organizers of this event, we aimed at connecting European start-ups in mobility with a local start up ecosystem. During last five years MSIC developed portfolio of services for start-ups and initiated cross border collaboration with Polish and Slovakia partners in order to develop globally recognizable start up ecosystem.

Its pleasure for us to invite you in
