

# RENTAL PACKAGE

## 150 KW ELECTRIC HEATER

### TECHNICAL SPECIFICATIONS

Model.....150kW Electric Heater  
 Dimensions  
 Length.....94"  
 Width.....34"  
 Height.....65"  
 Weight (approx).....1560 lbs

### APPLICATIONS

- Job Site/Construction Heat
- General/Building Heat
- Temporary Shelter
- Industrial Heat
- Commercial/Institutional Heating

### TECHNICAL DATA

<b>Electrical Data</b>	460 volt/3 phase/60 Hertz 250 amp 600 volt single pole mount receptacles 185 FLA
<b>Blower</b>	Variable speed (440-1760 RPM) up to 10,000 CFM Plenum fan arrangement Belt Drive 19" diameter outlet flange Optional 19" side air intake flange
<b>Heat Control</b>	Programmable Logic Control 225° Temp Internal Thermostat 103° Temp Remote Thermostat On/Off Switch
<b>Machine Control</b>	Hour meter Phase monitor relay 75 or 150 kw operation Indicator lights (power/phase failure/air flow/heat/over temp) Blower speed control
<b>General</b>	Stainless steel construction 10" lockable castors Fork lift pockets on all four sides
