

## RENTAL PACKAGE

### Maxi Towable Indirect Diesel Heater High Performance Portable Heater

**TECHNICAL SPECIFICATIONS:**

Model.....PH1M Portable Heater  
 Dimensions  
 Length.....16'  
 Width.....6' 8"  
 Height.....6'  
 Weight (approx).....3,500 lbs  
 Weight (with fuel) .....4,651 lbs

**FEATURES:**

- Shore power connection (for optional operation without running generator)
- 120 volt power outlet with GFCI standard
- Trailer mounted

**TECHNICAL DATA:**

<b>Engine</b>	CAT C1.5 Tier 4 Interim Diesel Engine 4D 12 Volt Battery
<b>Generator</b>	8 kW, 120/240 Volt A/C Generator
<b>Heaters</b>	Dual I.C.E. Frost Fighter IDF 500 HS Indirect Fired Heaters Maximum 505,000 BTU each, combined 1,101,000 BTU 6500 Combined CFM Static Pressure Heater Output 23 WC Static Pressure Allows 100' of 16" Duct per Burner 185F (85 C) Heater Output Temperature Rise
<b>Fuel Capacity</b>	190 Gallon Fuel Tank with Fuel Gauge
