There is no way to challenge someone’s right to vote on Election Day. Oklahoma law allows the appointment of “watchers” by parties or candidates, but they may only observe voting devices before and after voting, along with any repairs. They may NOT be present at the polling place while voting is taking place.

If you are registered, verify that the name and address on your registration are up to date. If not, make sure to update your information.

Oklahoma law requires either a valid (not expired), state-issued photo ID or a Voter Identification Card.

Your gender identity or gender presentation DOES NOT have to match your name, photo, or gender marker.

The name and address on your voter registration MUST match the name and address on your ID.
HELPFUL HINTS
