AIM STRATEGIC PLAN

YEAR 1 REPORT
01

OUR MISSION & VISION

Our mission is to educate, inspire, and connect communities, responsible farmers, and producers as part of a healthy, Earth-friendly, equitable local and regional food system.

We envision a responsible food and farming system that is environmentally beneficial, economically viable, and socially just.

2021 - 2024 GOALS

Create a regional alternative to the large-scale industrial agriculture complex by connecting producers directly with eaters and shoppers.

Advocate for a healthier, equitable food and farming system to contribute to a healthier planet.

Increase opportunities for producers--many of whom are disenfranchised--to access markets, funding, and technical resources to innovate and grow.

Expand the regional impact and reach of AIM’s education programs and access to address food-related health concerns by inclusively serving additional communities.

Address equity in our food system.
02

NOTABLE ACHIEVEMENTS 2021

Created a new mission, vision, guiding principles, and Path to Racial Equity.

Partnered with Growing the Table, ExtraFood.org, and Performing Stars of Marin to pack and deliver 2,500 Bounty Boxes to communities experiencing food and nutrition insecurities.

Recipient of the 2021 Heart of Marin Excellence in Innovation Award for the Rollin’ Root mobile market, presented to an individual, organization or partnership that has developed new, creative and effective strategies for advancing solutions to critical issues in our community.

Implemented and communicated Covid-19 market safety guidelines resulting in 100% of our nine certified farmers markets remaining open on schedule in 2021.

Obtained a 6-year license agreement with the City of Oakland for the use of Splash Pad Park for the award-winning Grand Lake Farmers Markets.

Successfully took over the management of the beloved Point Reyes Farmers Market to give new life to a market that was struggling for several years.

Advocated on 4 successful policy initiatives for healthy food access, universal school meals, sustainable agriculture, and nutrition incentives.
03

NOTABLE ACHIEVEMENTS 2021 (CONTINUED)

Secured $150,000 from the County of Marin to provide drought relief funding for vegetable and nursery stock farmers.

Implemented the AIM’s first environmentally preferred purchasing policy and supported 11 farmers in accessing 621 reusable transport containers to sustainably bring produce to market.

Raised $20,000 in funding to support new Black, Indigenous Peoples, and People of Color (BIPOC) producers and other socially disadvantaged producers to access markets by awarding racial equity market scholarships.

Launched a workplace culture team working on a variety of training and enrichment activities, conducted burnout prevention training, and created a new organizational wellness policy.

Raised over $5.4 million and are about 34% of the way towards our fundraising goal for the Center for Food and Agriculture.

The Center for Food & Agriculture was recognized by San Francisco Design Week as the “Future of Foods” representing “culinary innovations improving the manner in which we grow, consume and dispose of what we eat.”
