

Candidate Statement

I am Jashandeep Dhindsa (300199546). Currently, I am doing Associate of Arts Degree. I would want to put my name forward to be considered for the position of Student Representative at Large for the term 2023-2024. I have always had a strong interest in politics and government, which is one of the reasons why I am considering applying for this role. My entire life, I've harboured the desire to become a member of a group that works towards the improvement of society in some way.

My experience with politics has led me to believe that running for office at the University of the Fraser Valley is the ideal setting in which to hone my abilities. In my capacity as the student's representative, I will do all in my power to find a solution to the difficulty that the students are having.
