ABOUT ROOM TO GROW
Room to Grow’s vision is that one day all parents will have the resources they need to unlock their families’ potential and become champions for babies and their communities. Our three-year program aims to close the opportunity gap for babies in Boston and New York by supporting families with parent coaching, baby items (like books, toys, clothing, and equipment), and community referrals (such as housing and mental health services). The outcomes Room to Grow families achieve are powerful — 9 out of 10 children are meeting their developmental milestones, effectively closing the achievement gap between socioeconomic groups. Room to Grow currently partners with over 1,300 families (see this two-minute video to learn more).

Formal commitment required by May 6, 2022, in order to be included in the print program.
Each package can be customized to help reach your marketing goals. Contact Lauren Biggers at 917.336.3593 or lauren.biggers@roomtogrow.org with any questions.

Room to Grow is a nonprofit 501(c)(3) and all contributions are tax-deductible to the fullest extent of the law.
