Affordable Care Act for Navigators & CACs
Our Mission

The mission of the Office of the Commissioner of Insurance is to protect and educate Wisconsin consumers by maintaining and promoting a strong insurance industry.
Key Navigator Information

- Navigators are licensed by OCI under Ch. 628 subchapter V Wisconsin Statutes and ss. Ins 6.91 to 6.99 Wis. Admin. Code. [https://oci.wi.gov/Pages/Agents/NavigatorLicense.aspx](https://oci.wi.gov/Pages/Agents/NavigatorLicense.aspx)

- Upon successful passage of the navigator examination, individual navigators are required to submit Wisconsin Navigator application and fingerprints.
Key Certified Application Counselor Information

- CACs are regulated by OCI under Ch. 628 subchapter V Wisconsin Statutes and ss. Ins 6.91 to 6.99 Wis. Admin. Code. [https://oci.wi.gov/Pages/Agents/NavigatorLicense.aspx](https://oci.wi.gov/Pages/Agents/NavigatorLicense.aspx)
- CACs are not licensed by OCI. Complete prelicensing training, pass the navigator examination, and complete the federal training - [https://marketplace.cms.gov/](https://marketplace.cms.gov/).
- The navigator or assister organization the CAC work with shall submit the registration form to OCI. The individual CAC does not submit anything to OCI and does not need to be fingerprinted. The certification form that the CAC receives is provided by the CAC organization.

2024 Open Enrollment Timeframe

- Open enrollment is the annual timeframe during which consumers can purchase individual health insurance plans, either on or off the federal Exchange
- November 1, 2023 through January 15, 2024
- Plans sold during open enrollment period would have an effective date of January 1 of the follow year if purchased before December 15, 2023
- Plans sold after December 15, 2023 will have an effective date of February 1, 2024
- Outside the Open Enrollment Period, a person generally can enroll in a health insurance plan only if s/he qualifies for a Special Enrollment Period (SEP)
Open Enrollment: SEPs

- Special Enrollment Periods (SEPs) are available for individuals to enroll outside of the open enrollment period
  - Examples:
    - Loss of coverage thru loss of employment or divorce/legal separation
    - Change in residence
    - No longer eligible for Medicaid
    - Newly obtained citizenship
    - Life event
      - Birth, marriage, adoption or child placed in foster care
2024 Open Enrollment: Plan Options

• WI has a very competitive individual health insurance market with 14 insurers offering plans on Exchange in 2023.
• On Exchange issuers must offer their plans off Exchange as well, so those same insurers plus 1 additional are offering plans available in the individual market off Exchange.
• OCI has an interactive map on its Web site, including names and contact information for insurers offering coverage throughout the state:
  • https://oci.wi.gov/Pages/Consumers/FindHealthInsurer.aspx
Polling Slide #2

- Special Enrollment Periods are available for individuals when they:
  - A. Are no longer eligible for Medicaid
  - B. Receive a promotion at work
  - C. Find an insurance plan that they like better
  - D. Want to change their primary care doctor
Insurance Contracts

• Laws apply to policies sold in Wisconsin
• Notice to agent is notice to insurer
• Insurer bound by acts of the agent within scope of apparent authority
  Representations – oral and written statements by applicant
• Privacy protections
• Right to file a complaint with Commissioner of Insurance
Insurance Contracts cont.

- Notice of claim
- Prompt settlement of claims
- Effect of a mistake in an insurance contract
- Unfair claim settlement practices
- Right to Return policy

- Home solicitation and sales
Polling Slide #3

• The following are examples for Unfair Marketing Practices:
• A. Misrepresentation
• B. Unfair Inducements
• C. Undue Influence
• D. All of the above
Marketing Methods and Practices

• Insurer/agent are responsible for the suitability of sale
• Agents are appointed by an insurer to represent the insurer in sales and marketing. As a result of appointment, the insurer is bound by the acts of its agents.
• Agent compensation. Typically, commission fees are paid by the insurer.
Short-term Limited Duration (STLD)

- A type of health insurance coverage that was originally designed to fill temporary gaps in coverage that occur when a person transitions from one plan to another.
- Not Qualified Health Plan under the ACA
- Do not qualify for ACA subsidies
- Loss of a STLD plan does not trigger a SEP on the ACA marketplace
- Application fees when solicited by associations
- Limited authority over out-of-state Association plans
Healthcare Sharing Ministries (HCSMs)

- By definition, HCSMs are **not insurance**
- There are specific requirements charitable & religious associations must comply with. (Wisconsin Statute § 600.01 (b) 9.)
- Organizations meeting all the requirements are exempt from the requirements set forth in the insurance statutes and regulations.
- States potentially have regulatory authority if it is determined that the organization is not exempt – i.e. if it is doing the business of insurance
Federal Health Insurance Exchanges

• The ACA was based upon a premise that states would create a state-based exchange and the federal exchange would be the fall back. For many reasons, including IT costs and short time frame to set up an Exchange only a few states initially set up a state-based exchange.

• Private exchange is not the same thing as the state-based, partnership or federal exchange. Private exchange is an exchange set up by an employer for employees to select health and other benefits typically funded by the employer or self-funded employer plan.
Qualified Health Plans for the ACA

• Qualified Health Plans (QHPs) are insurance plans:
  • Certified by the Federal Health Insurance Marketplace
  • Provides essential health benefits
  • Follows established cost-sharing limits
  • Meets requirements of the ACA.
• QHPs that offer coverage on the federal exchange must also offer the product off the exchange.
Minimum Essential Coverage for the ACA

• Minimum Essential Coverage (MEC)
  • Under the ACA, individuals are to maintain at least MEC = Individual Mandate.
  • Any insurance plan that complies with the ACA requirements qualifies as a plan meeting the MEC.
Essential Health Benefits (EHBs)

- Ambulatory patient services
- Emergency services
- Hospitalization
- Maternity and newborn care
- Mental health and substance use disorders services, including behavioral health treatment
- Prescription drugs
- Rehabilitative and habilitative services and devices
- Laboratory services
- Preventive and wellness services and chronic disease management
- Pediatric services including oral and vision care
Assistance within the ACA

• Advance Premium Tax Credits (APTC)

• Cost sharing reduction

• American Indians and Alaska Natives
How to Navigate Selecting Health Insurance

Individual Federal Marketplace Plans

Start by creating an account at http://www.Healthcare.gov. Once your family information and current and estimated financial information are in the system, it will help guide you through the next steps.

• You may be found eligible for Medicaid, there will be a link provided or a phone number to contact so the Department of Health Services can assist you with signing up.

• You may be found to be eligible for the Marketplace with cost-sharing reduction for a silver level health insurance product with a reduce premium. Silver plans near where you live will be presented on the website for you to review and select a plan that works best for you.

• Federal Marketplace is **ONLY** place you can qualify for Advance Premium Tax Credits (APTC).
How to Navigate Selecting Health Insurance

• You may be found to be eligible for the Marketplace with Advance Premium Tax Credits. This credit can be taken in advance of filing taxes to help reduce your monthly premium. The amount of assistance is calculated based upon the second lowest cost silver level plan near where you live, but you may apply that credit to bronze, silver, gold or platinum level plans.

• You may be found to be eligible for the Marketplace but with no additional financial assistance. You can select from any metal level plan that meets your family’s needs. You might also consider pricing options for insurance through licensed insurer in Wisconsin outside of the federal marketplace.
How to Navigate Selecting Health Insurance

• An insurance policy is a contract. The insurance company agrees to provide health coverage in exchange for a premium and identified out of pocket costs.

• Some terms frequently found in policies are important to understand. Knowing these terms and how they work and affect the premium is valuable to ensure the plan chosen is affordable and meets the anticipated and unanticipated needs of the individual or family.
How to Navigate Selecting Health Insurance

• **Cost sharing.** Cost sharing mainly includes three different terms: coinsurance, copayments, and deductibles.

• **Coinsurance** is the percent of a billed service that you will be responsible to pay. For instance, a 10% coinsurance for durable medical equipment like an orthopedic boot, means that you will be responsible for 10% of what the orthopedic boot is billed to your insurance company.

• **Copayment** is a set or flat fee that you are required to pay. For instance, each time you take your child to the pediatrician there is a $10.00 copayment that is frequently collected when you check in for your appointment.

• **Deductibles** are fixed dollars amounts that you must pay before your insurance policy will begin to pay for covered services. You will need to read the policy or Summary of Benefit and Coverage to understand what payments count towards meeting your deductible. Sometimes copayments do not accumulate towards your deductible and sometimes they will.
How to Navigate Selecting Health Insurance

Cost Sharing

• The more you are able to pay from your own financial resources before your insurer is responsible to pay, typically lowers your premium.
• However, you need to be sure you understand exactly how much you will need to pay out of your own pocket or “out of pocket” and decide that in combination of the premium and cost sharing which policy is most affordable to you or your family.
• There will be a maximum out of pocket dollar amount identified in your policy.
• Once you have met your maximum the insurance plan should pay all costs of your care. However, it is important to know if copayments are counted in that amount or not. If not included, you may continue to pay a fee for a visit to your doctor even after the maximum has been met.
• This is important to know so you can determine before you buy your coverage how much money you will have to spend in addition to what the insurance policy will cover for you.
• You will also want to understand whether there is a single deductible for all care and prescriptions or if there is a medical deductible and a separate pharmacy benefit deductible. Knowing this can avoid surprises when you are planning which policy to purchase.
The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, [insert contact information]. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other undefined terms, see the Glossary. You can view the Glossary at [insert] or call 1-800-[insert] to request a copy.

<th>Important Questions</th>

<th>Why This Matters:</th>
</tr>
</thead>
<tbody>
<tr>
<td>What is the overall deductible?</td>
<td>$500 / individual or $1,000 / family</td>
<td>Generally, you must pay all of the costs from providers up to the deductible amount before the plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.</td>
</tr>
<tr>
<td>Are there services covered before you meet your deductible?</td>
<td>Yes. Preventive care and primary care services are covered before you meet your deductible.</td>
<td>This plan covers some items and services even if you haven’t yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at [insert].</td>
</tr>
<tr>
<td>Are there other deductibles for specific services?</td>
<td>Yes. $300 for prescription drug coverage and $300 for occupational therapy services. There are no other specific deductibles.</td>
<td>You must pay all of the costs for these services up to the specific deductible amount before the plan begins to pay for these services.</td>
</tr>
<tr>
<td>What is the out-of-pocket limit for this plan?</td>
<td>For network providers: $2,500 individual / $5,000 family; for out-of-network providers: $4,000 individual / $8,000 family</td>
<td>The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.</td>
</tr>
<tr>
<td>What is not included in the out-of-pocket limit?</td>
<td>Copayments for certain services, premiums, balance-billing charges, and health care this plan doesn’t cover.</td>
<td>Even though you pay these expenses, they don’t count toward the out-of-pocket limit.</td>
</tr>
<tr>
<td>Will you pay less if you use a network provider?</td>
<td>Yes. See [insert] or call 1-800-[insert] for a list of network providers.</td>
<td>This plan uses a provider network. You will pay less if you use a provider in the plan’s network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider’s charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.</td>

Network.

Many insurers have preferred network of providers. Using these “preferred providers” typically lowers the level of cost sharing you are required to pay. Some insurers use a very narrow network of providers, frequently referred to as Exclusive Provider Organizations or EPOs. These products tend to be more affordable but also have the most restrictions on what providers you may see for care. Some health maintenance organizations or HMOs may also have a “closed” group or panel of providers. EPOs and HMOs will not provide insurance coverage if you end up visiting a provider that is not in their identified network.
How to Navigate Selecting Health Insurance

**Covered items**

- Insurers offering qualified health plans provide the most comprehensive coverage for you. This means once your cost sharing is met, you will have the broadest coverage in the event that you or someone in your family becomes ill.
- Qualified Health Plans or QHPs are compliant with the Federal Patient Protection and Affordable Care Act. These plans cover essential health benefits like preventive care visits with no cost sharing.
- They will include prescription drug coverage either directly or through a third-party sometimes a Pharmacy Benefit Manager or PBM. This is one area that you may find that the benefits provided under the policy are only covered when you visit preferred pharmacies or use mail order delivery.

Limitations and Exclusions.

• Limitations in policies identify items that may be covered but only if conditions are met. For instance, maternity coverage is provided, however, some plans might not provide coverage for delivery of your baby if you travel away from your home during the last 2 to 3 months of your pregnancy. Read the limitations carefully.

• Exclusions are items or services that the plan will not cover, period. This may include specific types of treatment or therapies that the insurer has determined not to be effective. Knowing the exclusions will help you avoid paying a high medical bill or help you select a different insurance product that might provide coverage for a particular service you are seeking.

### Your Rights under Insurance Coverage:

There are agencies that can help if you want to continue your coverage after it ends. The contact information for those agencies is: [insert State, HHS, DOL, and/or other applicable agency contact information]. Other coverage options may be available to you, too, including buying individual insurance coverage through the Health Insurance Marketplace. For more information about the Marketplace, visit [www.HealthCare.gov](http://www.HealthCare.gov) or call 1-800-318-2596.

### Your Grievance and Appeals Rights:

There are agencies that can help if you have a complaint against your plan for a denial of a claim. This complaint is called a grievance or appeal. For more information about your rights, look at the explanation of benefits you will receive for that medical claim. Your plan documents also provide complete information on how to submit a claim, appeal, or a grievance for any reason to your plan. For more information about your rights, this notice, or assistance, contact [insert applicable contact information from instructions].

Does this plan provide Minimum Essential Coverage? Yes.

Minimum Essential Coverage generally includes plans, health insurance, available through the Marketplace or other individual market policies, Medicare, Medicaid, CHIP, TRICARE, and certain other coverage. If you are eligible for certain types of Minimum Essential Coverage, you may not be eligible for the premium tax credit.

Does this plan meet the Minimum Value Standards? Yes.

If your plan doesn’t meet the Minimum Value Standards, you may be eligible for a premium tax credit to help you pay for a plan through the Marketplace.

If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, 7500 Security Boulevard, Attn: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.
About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost-sharing amounts (deductibles, copayments, and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.

The total Mia would pay is: $1,100

Note: These numbers assume the patient does not participate in the plan’s wellness program. If you participate in the plan’s wellness program, you may be able to reduce your costs. For more information about the wellness program, please contact [insert].

*Note: This plan has other deductibles, copayments, and coinsurance for specific services included in this coverage example. See "Are there other deductibles, copayments, and coinsurance for specific services?" row above.
Polling Slide #4

• Which of the following should be considered when selecting a health insurance plan?
  • A. Premium
  • B. Cost-sharing
  • C. Network and coverage
  • D. All of the above
Consumer Assister Tips

Provide a refresher on premiums, cost-sharing, differences in benefits and provider networks...individuals may not be familiar with these terms

Recommend that your client review provider directories or use search tools on the Marketplace to verify that any providers they rely on are in-network

Help your client understand that they can report issues with getting medical appointments (i.e. providers aren't accepting new patients, or the client is experiencing long wait times)
