You have the right to receive a “Good Faith Estimate” explaining how much your medical care will cost.

Under the law, health care providers need to give **patients who don’t have insurance or who are not using insurance** an estimate of the bill for medical items and services.

- You have the right to receive a Good Faith Estimate for the total expected cost of any non-emergency items or services. This includes related costs like medical tests, prescription drugs, equipment, and hospital fees.
- Make sure your health care provider gives you a Good Faith Estimate in writing at least 1 business day before your medical service or item. You can also ask your health care provider, and any other provider you choose, for a Good Faith Estimate before you schedule an item or service.
- If you receive a bill that is at least $400 more than your Good Faith Estimate, you can dispute the bill.
- Make sure to save a copy or picture of your Good Faith Estimate.
- An hour-long physical therapy session costs $120. If packages are purchased, the cost per session is discounted. A 6 pack of sessions costs a total of $690 ($115/session). A 12 pack of sessions costs a total of $1,320 ($110/session). A 24 pack of sessions costs $2,520 ($105/session).
- For clients that cannot afford the full cost of physical therapy, scholarships are available through an application process. The amount provided in a scholarship varies depending on the individuals need and available funds.

For questions or more information about your right to a Good Faith Estimate, visit [www.cms.gov/nosurprises](http://www.cms.gov/nosurprises) or call 1-800-985-3059.
