

PatientRightsAdvocate.org Presents MetroHealth Medical with Price Transparency Champion Award

Hospital honored for posting all actual prices and “putting patients first”

Today, PatientRightsAdvocate.org (PRA) announced that MetroHealth Medical Center in Cleveland, OH, will receive PRA’s new *Price Transparency Champion Award*, which recognizes U.S. hospitals and hospital systems that are demonstrating an extraordinary commitment to full price transparency to empower patients to compare prices and lower their costs. See the full release [here](#).

“I congratulate MetroHealth Medical Center on this distinction and applaud them for being a true champion for Cleveland’s patients and healthcare consumers,” said PRA Founder and Chairman Cynthia Fisher. “By fully complying with the [federal transparency rules](#), MetroHealth is leading the way and doing its part to support every patient’s right to accurate, upfront prices. We are at the beginning of the great reveal of all pricing data online. When every U.S. hospital matches MetroHealth’s transparency, patients and care purchasers will be empowered to compare prices and plans, lower their costs, and protect themselves from overcharges. PRA is proud to salute MetroHealth for having the integrity to post all their prices and for setting an example for all other hospitals in America to follow.”

To celebrate and honor MetroHealth Medical Center's outstanding price transparency, PRA will also be placing a billboard in Cleveland with a message of congratulations.

The introduction of the Price Transparency Champion Award comes after last month’s release of PRA’s [fifth Semi-Annual Hospital Price Transparency Compliance Report](#), which revealed that only 36% of U.S. hospitals reviewed are in full compliance with the federal Hospital Price Transparency Rule, including only 22% of hospitals (17 of 77) in Ohio.

U.S. Representative Shontel Brown (OH-11), in whose congressional district Pullman Regional Hospital is located, praised the hospital for its achievement.

“The cost of quality healthcare should never be a surprise to patients and their families,” said Rep. Brown. “I applaud MetroHealth Medical Center on receiving PRA’s Price Transparency Champion Award, and commend their work to advance the rights of every patient to readily access transparent pricing. Northeast Ohio once again proves it is a leader in the healthcare field, setting an example for hospitals throughout the country to protect healthcare consumers and lower patient costs.”

Each hospital receiving PRA’s Price Transparency Champion Award has distinguished itself in terms of exemplary transparency compliance, in some cases showing a record of significant improvement, and demonstrating a steadfast commitment to putting patients over profits.
