Re: Request for discussion to establish a Great Park Community Advisory Committee

Please place on the Agenda for the April 27, 2021 Orange County Great Park Board Meeting an item to discuss directing the Interim Executive Director of the Great Park to establish the formation of a Great Park Citizens Advisory Committee consisting of Great Park residents and possibly other Irvine community members.

The purpose of the committee is to provide input to the Great Park Board of Directors on Great Park related projects, programs, and activities, with the goal of broadening the base of citizen participation in the continuing development of the Orange County Great Park.
