2. Click the “view description and enroll” button

School Mental Health

Classroom WISE: Well-Being Information and Strategies for Educators

View Description and Enroll

3. Then click “register now and begin course (at the bottom of the course description):

Classroom WISE: Well-Being Information and Strategies for Educators

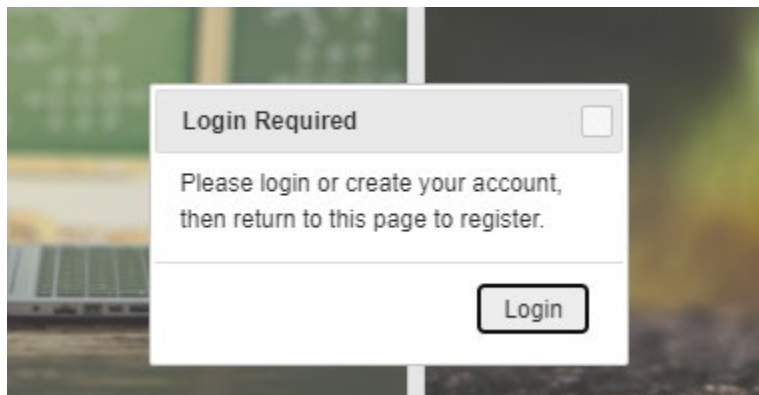

Educators and school personnel play a vital role in promoting mental health and well-being and identifying and responding to emerging mental illness in children and adolescents. Classroom WISE (Well-Being Information and Strategies for Educators) is a 5-hour, self-paced, educator mental health literacy course, developed by the MHTTC Network, in partnership with the National Center for School Mental Health. It presents concrete, universal approaches to promoting student mental health and creating safe and supportive classroom environments, describes student behaviors that may indicate a mental health concern, and provides specific skills and strategies to engage and support students with mental health concerns. This course includes a high-impact video series and resource collection also available on our website, www.classroomwise.org.

Certificate of Completion Available
