Oregon High School Equestrian Teams (OHSET) shall be a “not for profit” corporation dedicated to promoting and organizing equestrian competition in high school athletic or activity programs.

Oregon High School Equestrian Teams (OHSET) has as its main goal, recognition in the high schools of the equestrian athlete and to give them an opportunity to achieve that recognition in a fair, positive and educational format. 8.5.1. If equipment fails after the athlete enters the arena and does not present a safety hazard, the athlete can continue and will not be disqualified or eliminated. The equipment failure will be reflected in the horsemanship score.

8.5.2. If an athlete begins the course or pattern with legal equipment, used properly, but then uses the equipment illegally while on course, the athlete will receive a score of zero (0) for each maneuver performed in that manner. All maneuvers performed using equipment legally on the same pattern will be scored normally.

8.5.3. Off Course

8.5.3.1. Athletes will receive zero (0) points for the elements of the pattern that are “off course” or not attempted (including reining).

8.5.3.1.1. Refer to Dressage rules for an exception.

8.5.3.2. The “off course” athlete will not be disqualified or eliminated.

8.5.3.2.1. Refer to Hunt Seat Equitation Over Fences for an exception.

9. Cooperative Sponsorship

9.1. Each application for Cooperative Sponsorship will be evaluated and voted upon based on individual merit.

9.2. Exceptions to OHSET’s cooperative sponsorship process may be made due to specific circumstances. In no case shall an exception granted be deemed a precedent on which to base future decisions regarding cooperative

sponsorship.

9.3. Only Schools, Districts, or State organizations may apply for cooperative sponsorship, not families or individuals.

9.4. Recruitment of athletes, and any conduct or circumstances toward that end, or to the appearance thereof, is to be strongly discouraged; and any application presented with that intent will be denied.

9.5. Definitions:

9.5.1. Team Co-op Student(s): attending a high school that does not offer an OHSET program applies, as a school, to compete with a high school that does offer an OHSET program.

9.5.2. District Co-op School(s): apply to compete in a district outside their OHSET district boundaries.

9.5.3. State Co-op State(s) ~ other than Oregon apply to compete as an OHSET District(s).

9.5.4. Applying Team: The school that does not offer an OHSET team and is applying to compete with another school.

9.5.5. Sponsoring Team: The school that will compete under its own name, and wishes to integrate the applying school's students for OHSET competitions.

9.5.6. Fundamental Rule: It is a fundamental rule of OHSET that a student must attend and represent only the public school located within the public school attendance boundaries of the student's place of residence with parents or guardian.

9.5.7. Home School Students: A student, who meets the home schooled eligibility standards established by Oregon law, may represent the public school or private school where they live. That is the public school within whose attendance boundaries the student and parents of the student reside (curb address). If a private school is located within that public school's attendance boundaries, the home school student may choose to represent that private school. If that public school does not have an OHSET team, then the home school student would ask that public school to form an OHSET team, or follow the OHSET Co-op process for that public school, in order for the home school student to participate.

9.5.8. Private/Charter/Alternative High School Students: Private/Charter/Alternative High Schools may not apply for Cooperative Sponsorship. Their students may form a team at the Private/Charter/Alternative High School where they are enrolled. If their school will not approve a team, they may represent the public school where they live. That is the public school within whose attendance boundaries the student and parents of the student reside (curb address). If that public school does not have an OHSET team, then the Private/Charter/Alternative student would ask that public school to form an OHSET team, or follow the OHSET Co-op process for that public school, in order for the Private/Charter/Alternative student to participate.

9.5.9. GED students (General Education Development): A student, who meets the GED eligibility standards established by Oregon law, may represent a public or private school, located within the public school's attendance boundaries, in which the student and parents of the student reside (curb address). If that school does not have a team, then they would ask that school to follow the co-op process in order for the GED athlete to participate.

9.5.10. Recruitment, or "undue influence" is that attempt by any person (including, but not limited to coaches, advisors, trainers, boosters, teachers, or administrators) to induce a student to attend/participate at a public or private school for the purpose of athletic program participation.

9.6. Team CO-OP

9.6.1. Sponsoring teams having more than nine (9) student athletes will not be allowed to co-op teams.

9.6.2. Applying teams with more than four (4) student athletes will not be allowed to co-op.

9.6.3. Both of the co-op teams must submit in writing, addressed to the State Board, on the proper form to the District Secretary for review and approval by the District Board of Directors, stating who the applying school is and who the cooperative school is.

9.6.4. Team CO-OP Procedure for Approval

9.6.4.1. The Principal, Athletic Director or Authorized school official of the sponsoring school must sign the application.

9.6.4.2. The Principal, Athletic Director or Authorized school official of the applying school must be informed of the application.

9.6.4.3. If the officials deny cooperation, the Board of Directors (district level) may follow through to ascertain the reasons for this decision.

9.6.4.4. Each completed application will be reviewed for approval at the next regular meeting, District and then State, following receipt of application.

9.6.5. Team Co-op deadline is the same as the athlete registration deadline during the OHSET season.

9.6.6. Team Co-ops will be approved for one (1) year.

9.7. District CO-OP

9.7.1. Criteria to be considered by Applicant:

9.7.1.1. District(s) and State(s), Geographical District boundaries

9.7.1.2. Projected district growth, and /or economical issues.

9.7.2. The applying high school(s) must submit in writing to their district on proper OHSET application form. The current district must approve co-op.

9.7.3. The current district sends request to sponsoring district, addressed to the State Board, on the proper OHSET application form to the District Secretary for review by the District Board of Directors, stating who the school is and who the sponsoring district is. The Sponsoring District must approve co-op.

9.7.4. District Co-op deadline is the same as the athlete registration deadline during the OHSET season.

9.7.5. The application is brought to the current district's Board to be approved or disapproved. If approved, the current district signs and forwards the application to the sponsoring district.

9.7.6. The application is brought to the sponsoring district's board to be approved or disapproved. If approved, the sponsoring district signs and forwards the application to the State Board.

9.7.7. The application is brought to the State Board to be approved or disapproved by a majority vote of the State Board of Directors.

9.7.8. Each completed application will be reviewed at the next regular meeting, District or State, following receipt of co-op application form.

9.7.9. District Co-ops will be approved for one (1) year.

9.10. State CO-OP

9.10.1. The Authorized organization official of the applying State must sign the application.

9.10.2. The State approved application is to be sent to the OHSET State Board to be approved or disapproved by a majority vote of the OHSET State Board of Directors.

10. Scoring/Placing

1st - 20 pts	6th - 11 pts	11th - 6 pts
2nd - 18 pts	7th - 10 pts	12th - 5 pts
3rd - 16 pts	8th - 9 pts	13th - 4 pts
4th - 14 pts	9th - 8 pts	14th - 3 pts
5th - 12 pts	10th - 7 pts	15th - 2 pts
Participation 1 pt		

10.1. Point System

10.1.1. Method of scoring will remain consistent at the State and District level.

10.1.2. State qualifiers at the district level are not official until confirmed by the State.

10.1.3. District results must be submitted to the State Points Chair within one (1) week of each district meet.

10.1.4. Ties are not to be broken at any District Meet or the State Championship in any event, except as noted below for Team Penning,

Two-Man Sorting and IHOR.

10.1.4.1. Points are awarded equally to all athlete/teams with scores tied at that placing except IHOR, Team Penning, Two-Man Sorting where time breaks the tie.

10.1.4.2. All athletes/teams with tied scores will receive full points for the position they are tied at.

10.1.4.3. Combo Teams are awarded points equally as if tied.

10.1.4.4. The points for placing below the ties are awarded as usual after the tied position.

EXAMPLE: Tie for 1st

Score 90 - 1st place, 20 pts	Qualifies as a 1, 2, 3 finish
Score 90 - 1st place, 20 pts	Qualifies as a 1, 2, 3 finish
Score 89 - 2nd place, 18 pts	Qualifies as a 1, 2, 3 finish
Score 88 - 3rd place, 16 pts	Qualifies as a 1, 2, 3 finish
Score 87 - 4th place, 14 pts	Does NOT qualify as a 1, 2, 3 finish

Tie for 2nd.

Score 90 - 1st place, 20 pts	Qualifies as a 1, 2, 3 finish
Score 89 - 2nd place, 18 pts	Qualifies as a 1, 2, 3 finish
Score 89 - 2nd place, 18 pts	Qualifies as a 1, 2, 3 finish
Score 88 - 3rd place, 16 pts	Qualifies as a 1, 2, 3 finish
Score 87 - 4th place, 14 pts	Does NOT qualify as a 1, 2, 3 finish

Clarification 1: In Hand Obstacle Relay (IHOR) – ties in total score awarded at a meet are broken by lowest time. If still tied, tie is not broken. IHOR ties in year end point totals in a district are NOT broken.

Clarification 2: Team Penning – OHSET rules used to sort number of goes cattle are penned; number of cattle penned, and total time. If still tied, tie isn't broken.

Clarification 3: Two-Man Sorting - OHSET rules used to sort number of successful sorts; number of cattle sorted, and total time. If still tied, tie isn't broken.

10.2. Team Points

10.2.1. Team points, including participation points, are double the individual points.

10.2.1.1. Schools are to be allowed to field as many event teams as they would like.

10.2.1.2. If a school has more than one (1) team in a team event, only the top team's score is counted toward total team points. No Participation points are given to remaining teams from the same school.

10.2.1.3. In Drill, at a District meet, a school may earn meet team points from only one (1) drill team-their highest placing drill team from either Freestyle 5+ or Freestyle 4's, but not both.

10.2.2. Districts may limit event teams if needed.

10.2.3. All team points are tracked for State qualification.

10.4. Disqualification (No points awarded)

10.4.1. Points are NOT given for disqualifications listed under 8.3

10.5. Elimination (Participation point awarded)

10.5.1. Eliminated athletes/teams per section 8.4 will receive participation point(s).

10.6. Off Course - Refer to 8.5.3

11. Year End District Points

11.1. An accurate point count must be kept for every event in the competition and points compiled at the end of the district's competition season.

11.2. Each individual/team's points for all three (3) meets will be added together for ranking.

11.3. Athletes may qualify for a maximum of five (5) individual year-end awards or state qualification.

11.3.1. State Qualifiers at the district level are not official until confirmed by the State.

11.4. Participation points alone cannot qualify an athlete or team for year-end awards or the State Championship.

11.5. Ties in year end district point totals are not broken.

11.6. Average Event/Class Size

11.6.1. For each district meet, add up the total number of athletes/teams that competed in that event.

11.6.1.1. No-shows and scratches do not count toward event total.

11.6.1.2. DNF (did not finish) or DQ's **do** count toward event total.

11.6.2. Add totals for that event for all three (3) meets. Divide by three (3). All fractions are rounded up.

11.7. A minimum of three (3) and up to a maximum of 10% (rounded up) of the average number of individual/team competitors identified above, of the top year end point earners in each event will qualify for the State Championship.

11.7.1. Top 10% Rule: Multiply .10 times the average event size. If the average event size is 30 (even) or less, that event sends award winners only to State. NOTE: This may result in more than three (3) award winners going to State if there are ties in the award placing.

11.7.1.1. If average event size is thirty (30) plus a fraction or more, that event sends the top 10% of the average event size.

11.7.1.2. These point results are to be submitted to the State Board of Directors for notification of State competition participants.

Clarification 1: All award winners qualify for State Championship, even if total number of award winners is greater than 10% of event.

Example A: Two (2) athletes tied for first place in district. Average event size is twenty nine (29). Both athletes tied at first place receive gold awards, 3rd highest receives silver, 4th highest receives bronze. All four (4) qualify for State.

Example B: Three (3) Team Penning teams tied for third place in district. Average event size is 30. Award gold and silver as usual, and three (3) tied

teams receive bronze awards. All five (5) teams qualify for State.
Clarification 2: There is a tie at the score for the last qualifying (non-award) spot; all with that score qualify for State.

Example A: No ties in award placing. Average event size is sixty (60).

10% rule would send six (6) to State. There are two (2) athletes/teams tied for sixth place. Both athletes/teams tied for sixth qualify for State.

Clarification 3: 10% rule determines more than award winners will qualify for State, and there is a tie at a position above the last qualifying position. The number of athletes/teams determined with the 10% rule does **not** increase.

Example A: No ties in award placing. There are two (2) athletes tied for fourth place. Average event size is sixty (60). 10% rule would send six (6) to State. The event sends the top six (6) qualifiers to State.

Clarification 4: If there were originally ties for placings that qualified for State and a qualifier does not attend the State Championship, additional placings/alternates qualify only based on the 10% Rule.

Example A: Three Team Penning teams tied for third in district. Average event size is thirty (30). Award gold, silver and three bronze awards are given. All five teams qualify. Any of the qualifying teams then declines to attend. No additional (alternate) teams qualify to attend until the number of award winning teams attending the State Championship drops below three (3).

Example B: Three (3) athletes tied for third place in district. Average event size is sixty (60). 10% rule would send six (6) to State. Gold, silver and bronze awards are given. The top athletes (award winners plus next highest scoring athlete) qualify for State. Any qualifying athlete declines to attend the State Championship, the first alternate is now qualified to attend, keeping the total qualifiers attending the State Championship to six (6).

Example C: No ties in award placing. There are two (2) riders tied for sixth place. Average event size is sixty (60). 10% rule would send six (6) to State. Both athletes tied for sixth place qualified for State. Any qualifier declined to attend the State Championship, no additional athletes qualify to attend until the number of remaining qualifiers attending the State Championship drops below six (6).

Clarification 5: If a qualifier does not attend, and there were only three (3) award winners originally with an event size of 30 or less, and there is a tie for the next alternate position, then all tied at that position are eligible to attend State.

Example A: No ties in award placings. There is a three-way tie for fourth place. Average event size is thirty (30). The three (3) award winners qualify for State. Any award qualifier declined to attend State, all three (3) alternates tied for fourth place now qualify to attend.

13.1.4. Event(s) may be halted at State Chair or Event Manager's discretion.

13.1.5. Decisions made by the State Stewardship committee are final.

13.2. Communications

13.2.1. The basic communication flow within OHSET is outlined in the Communications & Expectations Standard Operating Guidelines (SOG) which may be found on the OHSET website and in the Appendix of the rule book. This same communication flow will be in place for the State Championship.

13.2.2. In all events at the State Championship, Gate Stewards will be easily identified by wearing brightly colored vests. These volunteers will be the point of contact to check into the event and determine a competitor's order of go.

13.4. State Awards

13.4.1. Awards are given at the end of the State Championship Meet.

13.4.2. See Standard Operating Guidelines (SOG) for details.

13.5. State Championship Qualifications

13.5.1. State Championship qualifying athletes will be determined by year end point totals at the District level.

13.5.2. All medal winners qualify for State Championship.

13.5.2.1. Athlete/Team must compete in an event in two of the three meets to qualify for that event at State Championship

13.5.3. District and State record breakers

13.5.3.1 District and State record breaking athletes must break a record at an OHSET recognized timed event in the current season.

13.5.3.2. When a new event is added the only automatic qualifier is the athlete holding the current district record.

13.5.3.3. If a record is not broken, previous year(s) record holder does not automatically qualify.

13.5.4. Athletes placing 1st, 2nd or 3rd in two (2) meets, (DM) in the same event qualify for the State Championship.

13.5.5. 10% of average event size qualifies for State Championship (includes award winners).

13.5.6. Athletes must have earned points other than participation points in that event during the season.

13.5.7. Districts will only name three (3) alternates as state qualifiers in each class.

13.5.7.1. Alternates can be declared at the State Meet up until the first athlete enters the gate for that specific event.

13.6. Clarification, State Qualifiers/Alternates

13.6.1. When an Athlete/Team qualify only as a DM/DR, they are always in addition to the normal allotment for that class – over and above the amount based on medalist and/or the 10% rule. Initially, our alternate process works as usual, ignoring the DM/DR qualifier.

13.6.2. However, that DM/DR qualifier also sits at a season point total that would have listed them as some level of alternate (1st, 2nd, tied for 3rd, 4th, etc.). Our alternate-pulling-in-process works as usual, ignoring the DM/DR qualifier, until you reach the point total level in that class for the DM/DR qualifier. At that point, the DM/DR qualifier then fills the qualifier spot according to their alternate status, and the class is back to sending their normal allotment, based on medalist, and the 10% rule.

So, the DM/DR qualifiers are above the normal allotment only until they qualify anyway as an alternate. Then its back to the standard alternate process, with them filling an alternate spot based on their season point total

13.7. Proof of age of equine, veterinary prescriptions or directions, and other rule exceptions must be provided upon request.

13.8. Judging at State Championships

13.8.1. Performance Classes will be double judged (2 Judges)

13.8.2. Drill Classes will be quad judged (4 Judges)

13.8.3.1 These events will include an official judge, official timer, and official back up timer

13.8.4. All arenas will be certified by the judge assigned to that event.

13.9. Practice obstacles may be set up in arenas or other safe areas only with permission of State Meet officials.

13.9.1 Practice obstacles approved by State Meet officials must be announced and available to all participating athletes for practice.

13.10. Only registered OHSET athletes may ride or drive in an arena or warm up area at the State Meet.

14.8.2.2.3. Rope may not pass through bridle, tie down, neck rope, or any other device.

14.8.2.2.4. Split reins even if tied or joined together.

14.8.2.3. Optional Equipment: If used must follow requirements

14.8.2.3.1. Martingales, fitted properly as to not pose a danger if horse falls or athlete loses control (to be decided by judge).

14.8.2.3.2. Rein stops, rubber or leather stops slipped onto the rein between the bit and the ring of the martingale, are required with the use of a running martingale.

14.8.2.3.3. Rope must be properly secured to the saddle

14.8.2.3.4. Tie downs attached to or under breast collar, fitted properly as to not be a danger if equine falls or athlete loses control (to be decided by judge).

14.8.3. Roping string will be provided by the state board to each district and the state championship and will be a 90lb test strength.

14.9. The cattle holding area will be screened from the competitive area to prevent the active herd from bunching next to the herds waiting rotation.

14.10. Determining order of go:

14.10.1. Team Penning/Two Man Sorting - Order of Go

14.10.1.1. Districts may adopt either the State formula below or their own so long as it adheres to all herd and other rule requirements (i.e. not working on the same herd more than once).

14.10.1.2. At the State Meet the placement of teams for penning in the first go shall be a blind draw. Thereafter, teams shall stay together within the group formed by their 'herd change'. For the second and third goes, the team order will rotate so as to have each team pen on the first, second, and third portion of their 'herd change'.

14.10.1.3. At the State Meet the placement of teams for sorting in the first go shall be a blind draw. Thereafter, teams shall stay together within the group formed by their 'herd change'. For the second go the team order will rotate by half as to have each team sort in the first portion and second portion of their 'herd change'.

14.10.2. Breakaway Roping/Steer Daubing - Order of Go

14.10.2.1. Each athlete will receive a chute draw for each round

14.10.2.1.1. Chute draw is defined as the athlete's cow will be the one that enters the chute in order of the draw.

14.10.2.1.2. If an athlete is disqualified before the release of the cow, that cow must be sent to the catch pen. The next athlete in the order of go will 'draw' the next cow that enters the chute.

14.11. Re-Rides

14.11.1. If an athlete or team feels they deserve a re-ride, the athlete/team must request one before leaving the competition arena.

14.11.1.1. In breakaway roping the re-ride request must also happen before throwing the first loop.

14.11.1.2. In steer daubing the re-ride request must also happen before attempting to daub.

14.11.2. Once the athlete/team has committed to the cattle, no re-ride will be given, except in unusual circumstances permitted by the judge. Committed to the cattle means that the team has crossed the start/foul line or nodded for the cattle to be released from the chute and pursued, the judges flag has dropped to start time, and the time has begun.

14.11.3. If an athlete/team observes an unfit or injured animal, before committing to the cattle, the athlete/team must notify the judge.

14.11.4. No re-ride will be given due to faulty or broken equipment furnished by the athlete.

14.11.5. In the case an official or mechanical failure or another condition that an athlete could not have been aware of, the judge has the discretion to issue/offer a re-ride even if the athlete pursued the cattle.

14.11.5.1. If the timers fail and a re-ride is given, penalties incurred in the original go will not carry over to the re-ride.

14.11.6. If an animal leaves the arena, the athlete/team can be given one of the following:

14.11.6.1. If the cow escapes from the arena during the allotted time or re-enters the roping boxes, the flag will be dropped and the athlete/team will receive a re-ride. Time from when the cow left the arena will be added to the re-ride time. If the time was not recorded, the athlete will receive a ten (10) second penalty. No barrier will be used in breakaway roping/steer daubing.

14.11.6.2. A 'no time' for unnecessary roughness

14.11.6.3. A qualifying time on their remaining cattle

14.11.6.4. A re-ride (at the end of the herd that the error occurred, using the same number), depending on the judge's decision.

14.11.7. If more than one re-ride is given in any go-round, re-rides will be given in order of occurrence at the end of the same herd in which the error(s) occurred.

14.11.8. Team Penning/Two Man Sorting re-rides

14.11.8.1. If the judge rules that a team is entitled to a re-ride, the team will be allowed to ride at the end of the herd where the error occurred and will work the same cattle number.

14.11.8.1.1. In the event a team is given a number that has already been used on a herd during that go, a re-ride must be given immediately upon discovery, using the correct number within the same herd with a full time allotment.

14.11.8.2. Teams receiving a re-ride will start their time at zero.

14.11.8.3. As each new team begins a run, there should be a full herd in the arena. In the event not a full herd is in the arena at the time of their run, that team must have a re-ride at the end of the same herd, on their same numbered cattle.

14.11.8.3.1. Times for all other teams with such a mis-numbered herd will remain the same.

14.11.9. Breakaway Roping/Steer Daubing re-rides

14.11.9.1. An athlete feeling they deserve a re-ride may request one from either the line judge or the flagging judge prior to throwing the first loop/prior to attempting to daub and before leaving the arena.

14.11.9.2. In the event the athlete is awarded a re-ride, the re-ride will be done at the end of the go, in order of the original draw, with the next available cow.

14.11.9.3. If the flagging judge flags out an athlete that still legally has one (1) or more loops coming, the judge may call for a re-ride.

14.11.9.3.1. Procedure shall be as described in 14.11.6.1. Elapsed time and any barrier penalties will carry over to the re-ride.

14.11.9.4. Breakaway roping/steer daubing athletes receiving a re-ride will start their time at zero.

14.11.9.5. If the timers fail and re-ride is given, penalties incurred in the original go will not carry over to the re-ride.

14.12. Team Penning

14.12.1. A team shall be defined as three (3) or four (4) members.

14.12.1.1. One (1) alternate may be chosen from the alternate pool at any time.

14.12.1.2. Any three (3) of the four (4) members may ride any go, any meet, and points will count for that team.

14.12.1.3. Schools having only two (2) registered competing athletes may field a two (2) person team penning team.

14.12.1.4. Equine may be shared by a team penning team of four (4) between the three (3) goes.

14.12.2. Timing for Team Penning

14.12.2.1. Electronic timers are the preferred timing device and will be used during the State Championship.

14.12.2.2. Two back-up timers with stop-watches will be positioned next to the announcer with a clear view to the pen judge and line judge.

14.12.2.3. Each back up timer will record the time on their individual timing device for each team.

14.12.2.4. Back up timers will be designated 'B/U 1' and 'B/U 2'. In the event the back up time is needed the first time taken will be 'B/U 1'. In the event 'B/U 1' failed then 'B/U 2' will be taken.

14.12.2.5. Timing for penning will begin when the Line Judge drops their flag as the first horses nose breaks the 35% foul line and stops when the pen judge and/or line judge drops their flag when the team has called for time and/or has all un-penned cattle back across the 35% foul line.

14.12.3. Judges for Team Penning

14.12.3.1. Two judges shall be used. Pen judge and line judge.

14.12.3.1.1. The pen judge acts as the head judge for this event and will position themselves to view the pen opening. In the event of a protest, the pen judge will coordinate with the line judge and then, if requested, will confer with the stewardship committee.

14.12.3.1.2. The line judge will position themselves at the 35% foul line. The line judge is responsible for checking each herd as it enters the arena for the correct head count, proper numbering, and number readability. The line judge will then signal the announcer to call the next time.

14.12.4. Team Penning Event

14.12.4.1. This is a timed event with a ninety (90) second limit and three (3) goes per team

14.12.4.2. The herd is held in a tight group in the center of the wall at the herd end of the arena by the previous team

14.12.4.2.1. Herds shall be the same size within any single competition and will consist of between 18-27 head.

14.12.4.2.2. A minimum of one (1) number shall remain uncalled in each herd.

14.12.4.2.3. Teams will not be asked to pen on the same herd twice during a meet.

14.12.4.3. When the line judge determines the cattle are ready they signal the announcer by raising their flag.

14.12.4.4. When the announcer calls 'cattle are ready', the holding team rides to the exit, along the walls of the arena, and the competing team rides to the herd.

14.12.4.5. The competing team has thirty (30) seconds to cross the start line or a no time will be awarded.

14.12.4.6. Upon the team crossing the time line the line judge drops their flag, the announcer calls the number of the cattle to be penned, and the timers start their watches.

14.12.4.7. At the sixty (60) second mark, the team will be notified by either the announcer saying 'thirty (30) seconds' and/or an automated horn.

14.12.4.8. Any four (4) cows may be on the pen side of the time line at any time, but the fifth (5) cow results in too many cattle and a no time will be awarded.

14.12.4.9. Teams may opt to pen one (1), two (2), or three (3) head of cattle.

14.12.4.10. The team will signal their intention to call time by one (1) or more of the members riding their equine's nose to the pen gate and raising their hand(s).

14.12.4.10.1. At this point all other cattle on the pen side of the time line are considered 'dirty'.

14.12.4.10.2. At this point the pen judge will determine if time can be called.

14.12.4.10.2.1. If the team is in the correct position and there are no 'dirty cattle' the pen judge will drop his/her flag, the timers will stop their watches/timers, the announcer will call the team's time and number of cattle penned.

14.12.4.10.2.2. If there are 'dirty cattle' the pen judge will point their flag at the line judge who waits for all of the 'dirty cattle' to cross to the herd side of the time line and the drops their flag.

14.12.4.10.2.2.1. When the line judge drops their flag, the timers will then stop their watches/timers and the announcer will call the team's time and number of cattle penned.

14.12.4.11. If at any time, after the team has requested that time be called and before the line judge drops their flag, any part of a cow in the pen or outside of the pen breaks the plane of the gate a 'no time' will be awarded.

14.12.4.12. If the athlete(s) calling for time drive their equine so far into the pen the dock of the tail breaks the plain of the gate the team will be eliminated for that go, receiving a no time.

14.13. Two Man Sorting Event

14.13.1. A team shall be defined as two (2) or three (3) members.

14.13.1.1. One (1) alternate may be chosen from the alternate pool at any time.

14.13.1.2. Any two (2) of the three (3) members may ride any go, any meet, and points will count for that team.

14.13.1.3. Equine may be shared by a sorting team of three (3) between the two (2) goes.

14.13.2. Timing Two Man Sorting

14.13.2.1. The timing judge will be responsible for starting the clock and lapping each cow as the head judge calls out. This can be done by manual stop watch or an electronic timer with handheld switch.

14.13.2.2. Two (2) back-up timers with manual stop-watches will be positioned near the official and timing judge with the ability to hear the official judge call each cow.

14.13.2.3. Each back up timer will record the time on their individual timing device for each team.

14.13.2.4. Back up timers will be designated 'B/U 1' and 'B/U 2'. In the event the back up time is needed the first time taken will be 'B/U 1'. In the event 'B/U 1' failed then 'B/U 2' will be taken.

14.13.2.5. Timing for sorting will begin with the official judge drops their flag and says 'start'. As each cow crosses the foul line the official Judge will call 'cow' and the lap time will be recorded on the stop watch for each cow. The last 'lap time' recorded will determine the 'split time' for that go.

14.13.3. Judges for Two Man Sorting

14.13.3.1. Two (2) judges shall be used. One is the official head judge. One is the official timing judge. Both judges will be placed next to the sorting arena. The official head judge will sit directly on the line.

14.13.3.1.1. The official head judge will call for the cattle ready, state when time should start, when time should lap for each cow that crosses the line, if there is a dirty cow, and when the final time ends.

14.13.3.1.2. The official timing judge will keep a record of when the official head judge calls for time to start, each lap time for a cow crossing, and the final time on the run. This judge will not watch the go but rather listen for the official judge's call for times.

14.13.4. Two Man Sorting Event

14.13.4.1. This is a timed event with a sixty (60) second limit and two (2) goes per team.

14.13.4.2. The herd will be positioned in a group in the back center of the pen, opposite the 'in gate' for the athletes, by the team that has just competed. Once grouped and confirmed by judge the team will exit the pen.

14.13.4.2.1. Ten (10) numbered cattle and one (1) unnumbered cattle, for a total of eleven (11) head per herd.

14.13.4.2.1.1. At the state Championship meet the number of cattle in each herd will increase by one (1) bringing the unnumbered cattle total up to two (2).

14.13.4.2.2. Districts may choose how many herds to use as long as there are a minimum of two (2) and each herd is used evenly.

14.13.4.2.2.1. At the state championship at least three (3) herds will be used.

14.13.4.2.3. At least one (1) number in each herd will go unused.

14.13.4.2.4. Teams will not be asked to sort on the same herd twice during a meet.

14.13.4.2.5. Not all teams will compete on all herds if more than two (2) herds are used.

14.13.4.2.6. The judge holds the right to pull any cow they deem unruly or intentionally sabotaging the team.

14.13.4.3. As the competing team has completed their run and the cattle are securely in the back pen and the completed team has exited the pen, the next team will immediately enter the pen..

14.13.4.4. When the judge signals by the raising of their flag and the announcer stating 'cattle are ready', the competing team will cross the start/foul line.

14.13.4.4.1. If the herd spreads before the judge calls for 'cattle are ready', the judge will ask an athlete about to compete to bunch the cattle again and get back across the line to begin the run.

14.13.4.4.2. If athletes cross the start/foul line before the judge signals and without permission from the official judge, the team will be eliminated for that run.

14.13.4.5. As the first horses nose crosses the foul line the official judge will say 'start' and begin their watch while dropping their flag beginning the time for that run.

14.13.4.5.1. As the official judge says 'start' the timing judge and back up timers will begin their stop watches.

14.13.4.5.2. As the official judge says start and drops their flag the

announcer will call out the number the team will begin sorting from.
14.13.4.6. The team sorting will begin with the number called out by the announcer and move each cow sequentially to the opposite pen. As each cow's nose breaks the start/foul line, the official judge will call out 'cow' while hitting the 'lap' feature on their watch.

14.13.4.6.1. As the official judge calls out 'cow' the timing judge and back up timers will hit the 'lap' feature on their watch.

14.13.4.7. Each cow must pass through the foul line in sequential order.

14.13.4.7.1. If the nose of a cow not in sequential order breaks the plain time will stop and the team will receive a no time for the go.

14.13.4.8. Teams may opt to sort up to any number of cattle and then hold the cattle in place for the remainder of the 60 seconds.

14.14. Placing

14.14.1. Team Penning placing will be determined by the number of successful goes penned, followed by the most cattle penned, and finally the least amount of time.

14.14.2. Two Man Sorting placing will be determined by the number of successful sort, followed by the most cattle sorted, and finally the least amount of time.

14.14.2.1. A successful sort is considered at least one (1) cow across the line in the correct order.

14.15. Breakaway Roping/Steer Daubing timing

14.15.1. The cattle handlers shall be consistent throughout the event.

14.15.2. Athletes may come out of either side of the box.

14.15.2.1. Athletes MUST have their equine facing out of the box before they ask for the steer to be released.

14.15.2.2. A coach, advisor, or registered adult volunteer may bring the equine in the arena and/or into the box.

14.15.2.3. Any physical encouragement of forward motion or holding back by anyone other than the rider will be an elimination for that go.

14.15.3. Timing for roping/daubing

14.15.3.1. Electronic eyes will be used for all barriers

14.15.3.1.1. If an electronic eye is unavailable or broken during the event, the event will be postponed until an electronic eye is available.

14.15.3.1.2. All events will be measured and recorded to the thousandths place (16.001). Additional numbers beyond the thousandths place will be dropped, no rounding.

14.15.3.2. The height of the barrier will be set at 32"-36" measure from the center of the box.

14.15.3.3. The cow's nose must break the six (6) foot barrier for the equine to leave the box.

14.15.3.3.1. A ten (10) second penalty for breaking the barrier will be added.

14.15.3.3.2. In the event of a barrier malfunction, and the judge

confirms, the athlete will receive an automatic re-ride.

14.15.3.4. Two (2) judges will be utilized for these events.

14.15.3.4.1. The flagging judge will be horseback whenever possible, be considered the head judge for the event, and will raise their flag signaling the arena is ready for the next athlete.

14.15.3.4.1.1. Prior to the events, the flagging judge will inspect the cattle and eliminate any that they find objectionable.

14.15.3.4.1.2. During the events, the flagging judge will determine legal catches/daubs and/or any rule infractions.

14.15.3.4.1.3. The flagging judge will position themself in the following positions and remain in the same position throughout the 'go':

- Breakaway Roping: Against the right side (heel box side) of the arena, approximately 2/3rd of the way down.
- Steer Daubing: On the left side (head box side) of the arena, approximately 1/2 of the way down. Does not need to be against the wall.

14.15.3.4.1.3.1. Occasionally because of arena size or orientation, a judge may choose a different location.

14.15.3.4.2. The line judge will position themself at the cattle barrier line and will signal the announcer to call for the next competitor.

14.15.3.4.2.1. The line judge will keep the time for the athlete entering the box.

14.15.3.4.2.2. If the athlete is not in the box and ready (shall be defined as facing the front of the 'box' and asking for the calf to be released) when sixty (60) seconds are up, the line judge will signal the announcer and the athlete shall be awarded a 'no time'.

14.15.3.4.2.3. The line judge will check the string before entering the box to ensure it is secure to the horn.

14.15.3.4.2.4. The line judge will determine if the athlete broke the barrier.

14.15.3.4.3. Both the line judge and the flagging judge will monitor the athlete to ensure no rule violations while in the 'box'.

14.15.3.4.3.1. In the event of a protest, the flagging judge will coordinate with the line judge and then, if requested, will confer with the stewardship committee.

14.15.3.4.4. If a judge sees that they have made an error in flagging, the judge must declare a re-run before the athlete leaves the arena.

14.15.3.4.5. Order of operations;

14.15.3.4.5.1. When the flagging judge is in position and determines the arena is clear they will raise their flag

14.15.3.4.5.2. When the line judge sees the flagging judge raise their flag, the line judge will ensure the cow is in the chute and there is a clear entrance into the chute for the athlete and raise their flag.

14.15.3.4.5.3. When the line judge raises their flag and the announcer calls the athlete's number and name, the athlete has sixty (60) seconds to enter the box and signal for their cow to be released.

14.15.3.4.5.3.1. In breakaway roping this is when the judge will check each rope to confirm it is secure, by a strong tug of the rope.

14.15.3.4.5.3.2. If the string should break, or the rope come loose, the athlete has the remainder of the sixty (60) seconds to re-tie, be re-checked by the line judge and ask for their calf.

14.15.3.4.6. Elimination

14.15.4 Breakaway Roping

14.15.4.1. This is a timed event with a thirty (30) second limit with two (2) goes per athlete.

14.15.4.2. One (1) or two (2) ropes are to be tied to the saddle horn by a heavy string provided by the state board, in such a manner as to allow the rope to be released from the horn when the calf reaches the end of the rope.

14.15.4.3. Two (2) loops will be permitted. Two (2) loops are allowed only if the athlete is carrying a second loop. Rebuilding the loops is not allowed.

14.15.4.4. A visible cloth or flag must be attached to the end of the rope which is tied to the horn to make it easier for the flagging judge to see the rope break free.

14.15.4.5. A legal catch is to be any loop that goes completely over the calf's head and draws up on any part of the calf's body (except the tail) causing the rope to break away from the saddle horn.

14.15.4.6. Time will be started from the drop of the line judge's flag at the barrier and/or by electronic timer as the cow's nose crosses the cow barrier line.

14.15.4.7. Time will be stopped when indicated by the flagging judge dropping the flag after the rope-string breaks from the saddle horn.

14.15.4.8. No time will be awarded:

14.15.4.8.1. The athlete breaks the rope from the horn by hand, touches the rope or string after the catch is made, or if the rope dallies around the horse and/or does not break free when the calf reaches the end.

14.15.4.8.2. Roping the calf without releasing the loop from the hand

14.15.4.8.3. Any attempt by an athlete to position their equine in the box enabling themselves to rope the calf without leaving the box

14.15.4.8.4. If the athlete has not entered the box and called for their calf within sixty (60) seconds from the time their name is called.

14.15.4.8.5. Fall of rider, or dismounting, will result in an elimination for that go.

14.15.4.8.6. Roughing cattle, as determined by the judge, will result in an elimination for that go.

14.15.4.8.7. Judges will eliminate any athlete and/or animal they consider to be unsafe.

14.15.4.9. Placing will be determined first by the number of successful catches, then lowest total time.

14.15.5. Steer Daubing

14.15.5.1. This is a timed event with fifteen (15) second limit, two (2) goes per athlete.

14.15.5.2. Equipment provided by the district:

14.15.5.2.1. A four (4) foot dauber with a tennis ball

14.15.5.2.2. A 'bright contrasting color paste' to coat the tennis ball end of the dauber.

14.15.5.2.2.1. The use of mustard is prohibited

14.15.5.3. A successful daub is placed inside of an imaginary box formed between the 'wither like' area and the tail head and the top of the back and a line between the knee and the hock, exclusive of the tail.

14.15.5.4. Athlete must raise the four (4) foot dauber in the air. As the athletes hand raises over the shoulder to signify successful daub.

14.15.5.5. Time will start when the line judge drops their flag at the barrier as the cow's nose crosses the cow barrier line.

14.15.5.6. Time will stop when the flagging judge drops their flag as the athlete raises the dauber over their head with their hand above the shoulder, stopping the time.

14.15.5.7. A no time will be awarded:

14.15.5.7.1. If time is called by the athlete and a mark is not visible on the steer.

14.15.5.7.2. If the dauber is thrown at the steer or dropped by the athlete

14.15.5.7.3. Any attempt by an athlete to position their equine in the box enabling them to daub the steer without leaving the box.

14.15.5.7.4. If the athlete has not entered the box and called for their calf within sixty (60) seconds from the time their name is called.

14.15.5.7.5. Roughing cattle, as determined by the judge, will result in an elimination for that go.

14.15.5.7.6. Judges will eliminate any athlete and/or animal they consider to be unsafe.

14.15.5.8. Placing will be determined first by the number of goes with successful daubs, then lowest total time.

14.15.6. Records

14.15.6.1. Records will be tracked for all events in each district and state championship.

14.15.6.1.1. Each district will have a district record in all timed events. The district record shall be earned at a district meet.

14.15.6.1.2. The state championship will have a state championship

record in all timed events. The state championship record shall be earned at a state championship meet.

14.15.6.2. State records will be tracked by single fastest time.

14.15.6.3. The athlete holding the best time in the state is deemed the state record holder, whether the course is run at a district or state meet.

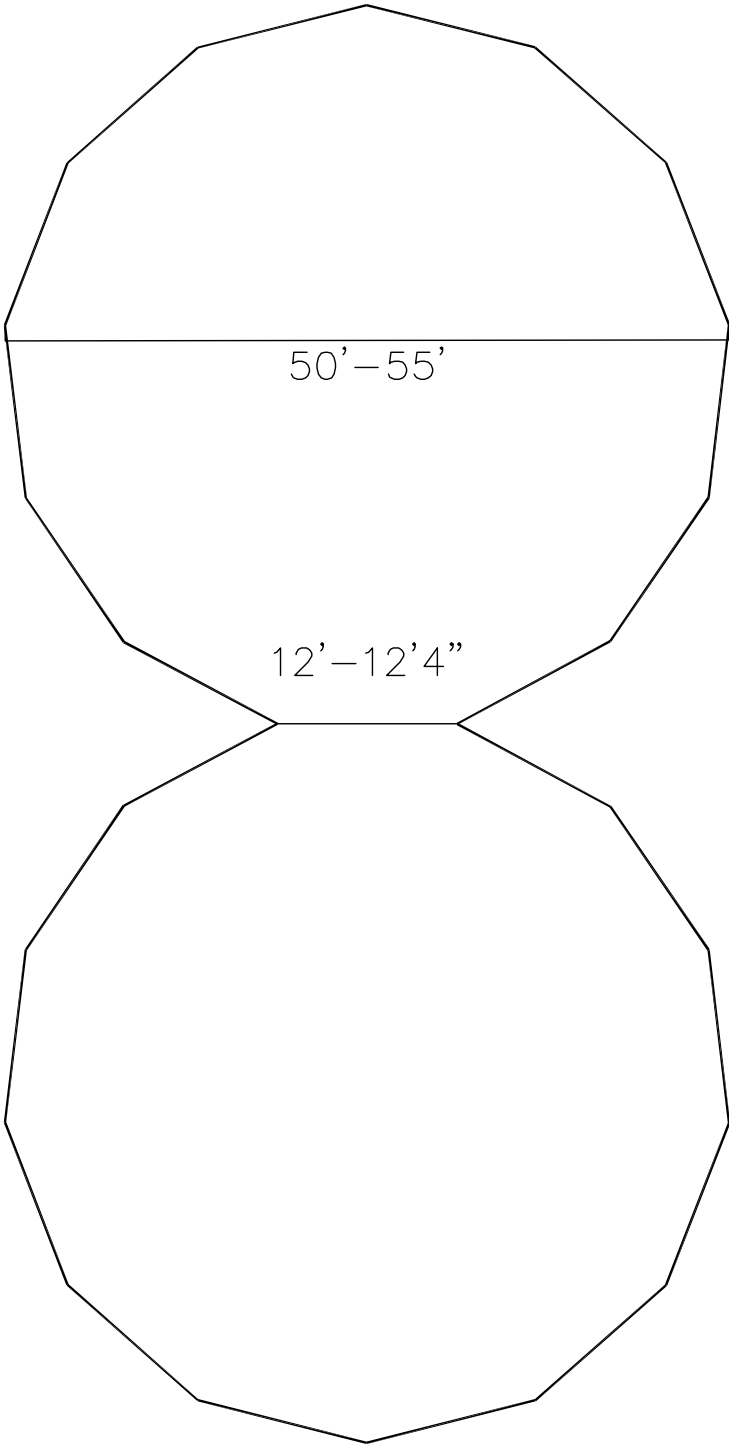

14.16. Hazing: Contact with cattle by hands, ropes, reins, or any other equipment as a means to move the cattle, may result in a warning, or a no time at the judge's discretion.

16.15. Alternate Guidelines

16.15.1. If a school intends to field only one drill team, they still must name the alternates that may possibly compete this season, "drill alternate pool." (Listing all other competing athletes for the school as alternates is OK).

16.15.1.1. The alternate pool must be named before the first meet.

16.15.2. In Drill Teams (Freestyle Fours and Freestyle 5+), there will be unlimited potential use of alternate pool.

16.15.2.1. A school may pull 1,2,3,4 or more riders out of the "drill alternate pool" during the season as needed.

16.15.2.2. In Drill, once an alternate is pulled from the “drill alternate pool” (i.e., used in a competition), that alternate may ride only on that specific drill team, and no other drill team (in competition) for the season.

16.15.3. EXAMPLE #1: 12 competing athletes in a school, and the school only fields one drill team - a Freestyle 5+. Names 5 primary riders to the drill team, and can name the remainder of the school’s competing athletes (7) to their Drill Alternate Pool. Any combination of riders from the original named 5 or from the original named Drill Alternate Pool may ride in competition at any of this season’s meets. Again, when a rider is pulled from their Drill Alternate Pool, the school’s advisor/coach MUST notify the meet office, in writing, BEFORE that Drill Team competes at that meet.

16.15.4. EXAMPLE #2: 20 competing athletes in a school, and the school fields 2 drill teams, one 5+ and one freestyle 4s. The school names 4 primary riders to the freestyle fours team and 6 primary riders to the Freestyle 5+ team. That leaves the remaining riders that can be named to the Drill Alternate Pool. When a member of the alternate pool is pulled and competes for one of the drill teams, they are then a part of that team, for the remainder of the season, are no longer in the alternate pool, and may not compete with the other drill team. Their Drill Alternate Pool has now dropped by one rider. Those remaining members in the Drill Alternate Pool are eligible to compete for either drill team at any competition.
