'Independent Thinking - Disciplined Investing'

INDEPENDENT THINKING

[In-de-pend-ent Think-ing] inḁ'pend nt THiNkiNG verb

Is essential to long-term investment success. We are often contrarian and do not pay attention to index compositions when making investment decisions. We believe that when you're several thousand miles away from Wall Street in a different nation, it's easier to be independent and buy the things that other people are selling, and sell the things that other people are buying.

DISCIPLINED INVESTING

[Dis-ci-plined In-vest-ing] disciplin d inves'ting verb

The market presents opportunities every day, but disciplined investing is as much about the opportunities you do not take. We also believe that cash is sometimes the most attractive investment.
